## **EXPLORATION UPDATE AMMAROO PHOSPHATE PROJECT NT**

### **BARROW CREEK 1 RESOURCE DRILLING**

Drilling on the Barrow Creek 1 Resource Grid has been continuing well since access was obtained late last week. A total in excess of 125 holes for 3,100 meters has now been completed, with a total 1,400 samples dispatched for analysis at AMDEL's laboratories. A total 300 holes are planned for approximately 10,000 meters.

The company's geologists have reported a consistent geological pattern in the drill holes confirming a large blanket of mineralization with depths varying from 5 meters to 30 meters below surface.

On completion of the resource drilling, independent geological consultants, Hellman & Schofield, will complete a JORC compliant resource estimate for the Barrow Creek 1 Deposit.

### **EXPLORATION DRILLING**

The second drill rig is now on site and is drilling alongside the other rig to catch up on the resource drilling, but will be relocated to the Western Exploration Grid later this week.

### **METALLURGY**

A visit was made to the AMDEL metallurgical testing facility last week to inspect bulk sample beneficiation testing. Initial results appeared encouraging from screening and rolling an initial 800 kilogram bulk sample. A full report should be available by end of April.

**D.W.Muller M.Sc., M.B.A., F.Aus.I.M.M.**

### **Managing Director**

*The information in this report that relates to exploration results, mineral resources or ore reserves is based on information compiled by Mr. David Muller, who is a Fellow of the Australian Institute of Mining and Metallurgy.*

*Mr. Muller is Managing Director and a consultant to the Company. Mr. Muller has sufficient experience which is relevant to the style of mineralization and type of deposit under consideration and to the activity to which he is undertaking to qualify as a Competent Person as defined in the 2004 edition of the "Australian Code for Reporting of Exploration results, Mineral resources and Ore Reserves".*

*Mr. Muller consents to the inclusion in this report on the matters based on his information in the form and context in which it appears.*
