

Australian
Uranium
Conference

Ranking Uranium Opportunities in Western Australia

Valuable Information for Conference Delegates

A one hour educational seminar presented by:

Dr Don Pridmore – Managing Director, Intierra

As a prelude to Australia's leading corporate event serving the Uranium sector, Intierra and Vertical Events have joined forces to provide registered attendees with a unique opportunity in attending a free one hour educational seminar.

Recent changes in government policy relating to uranium exploration and project development have facilitated a 'gamechanger' environment for those interested in the West Australian Uranium market.

Come along to find out more about the Australian Uranium Industry

When: 6.00pm Tuesday, 21 July, 2009

Where: Conference Auditorium, Esplanade Hotel, Fremantle

Content: With over 450 uranium projects in Western Australia currently being reported to the global financial markets, the seminar will review the following:

- All existing uranium assets
- Grass roots to advanced exploration projects
- Ownership, locations and ground holdings in the direct vicinity of the projects

This is a must attend opportunity for those wishing to obtain a deeper understanding of current activities and maximize the benefits in attending the Australian Uranium Conference

** Please indicate on the Conference brochure your interest in attending**
