中国国际矿业大会
2010

World's Premier Mining Congress & Exhibition

Hosted by
Ministry of Land & Resources, China
Tianjin Municipal Government, China

November 16-18, 2010
Meijiang Convention
and Exhibition Center
Tianjin, China

CHINA MINING Overview

Hosted by the Ministry of Land & Resources and the Tianjin Municipal Government, CHINA MINING Congress & Expo 2010 will be held at the Tianjin Meijiang Convention and Exhibition Center on November 16-18, 2010.

CHINA MINING Congress & Expo, one of the largest mineral exploration and mining trading platforms, covers the whole value chain, including geological survey, exploration development, mining rights trading, mining investment and financing, smelting and processing, technique and equipment, mining services, etc. CHINA MINING plays a critical role in creating more communication and co-operation opportunities for domestic and international industry communities.

Since the first time CHINA MINING was held in 1999, the scope and influence has been extending every year. CHINA MINING Congress & Expo has now become an annual not to miss event, and a platform for the world mining players.

CHINA MINING Congress & Expo consists of three parts – conference, exhibition and featured events.

During the conference, government officials, industry leaders, and experts from both Chinese and foreign mining industries have in-depth mining industry related dialogue. The topics cover mining policy, mining law, mining industry development trends, mining and capital markets, domestic and international investment opportunities, mining and sustainable development, commodities, geological surveys, technologies and equipment, and more.

The exhibition will include pavilions of main mining countries, mining and exploration companies, investment and financing institutions, evaluation and consulting companies, and (technical) service providers and equipment suppliers. CHINA MINING Congress & Expo is intent on boosting the co-operation in fields like exploration, development, investment, equipment, and technologies.

Featured events such as the CHINA MINING Awards, cocktail parties, the gala dinner are also held with the intention of creating a casual atmosphere for networking.

CHINA MINING Congress & Expo 2009 attracted more than 3,500 delegates from 55 countries and regions and over 420 exhibitors. The State Council Vice-Premier, Mr. Li Keqiang, especially sent a congratulatory message to CHINA MINING 2009 as well.

CHINA MINING 2010 welcomes you!

CHINA MINING 2009 Opening Ceremony

CHINA MINING 2009 Country Pavilions

CHINA MINING 2009 Conference Section

CHINA MINING 2009 Exhibition Area

CHINA MINING 2009 Awards Dinner

CHINA MINING 2009 Equipment Area

Host

The Ministry of Land and Resources, China

Tianjin Municipal Government, China

Organizer

Department of International Cooperation & Science and Technology, Ministry of Land and Resources, China

Tianjin Municipal Bureau of Land Resources and Housing Administration

China Mining Association

Supporter

Ministry of Environmental Protection

Ministry of Science and Technology

Ministry of Commerce

Australian Embassy

Canadian Embassy

South African Embassy

World Bank Group

The State Development Bank of China

The Export-Import Bank of China

Bank of China

Advisory Committee

Phillip Dobbs

Chief Representative China, Anglo American

Richard Goldfarb

Past-President of Society of Economic Geologists/Senior Research Scientist of U.S. Geological Survey

Huang Guoping

Deputy General Manager, China Minmetals, Nonferrous Metals, Co., Ltd.

Auslan Ishmael

Deputy Chairman, China International Mining Group

Jan Klawitter

Head of Mining & Metals, Global Leadership Fellow, World Economic Forum

Douglas Kirwin

Executive Vice-President, Ivanhoe Mines

Liu Xiangmin

Vice President, Aluminum Corporation of China Limited

Lan Fusheng

Vice Chairman, Zijin Mining Group Co., Ltd

Mosa Mabuza

Deputy Director-General: Mineral Policy and Promotion, Department of Minerals and Energy, South Africa

Marc Parisien

Trade Commissioner, Canadian Embassy Beijing

Song Xiuli

Chief Representative, Rio Tinto Beijing Representative Office

Keith N. Spence

Board of Directors, Prospectors and Developers Association of Canada

Eduardo Titelman

Executive Vice-President, Chilean Copper Commission

Zhang Jijing

Director of the Board, CITIC Group

Chen Quanxun

Vice President, China Nonferrous Metals Industry Association

Liu Bing

Commercial Consul at the Australian Consulate General Guangzhou

Zhang Bingnan

Vice President and Secretary General, China Gold Association

CHINA MINING 2010 Overview

- China's official congress for the mining industry
- Topics cover the industry value chain
- A global mining forum of industry leaders
- The platform for networking and business developing

When & Where

Time: November 16-18, 2010

Venue: Tianjin Meijiang Convention and Exhibition Center

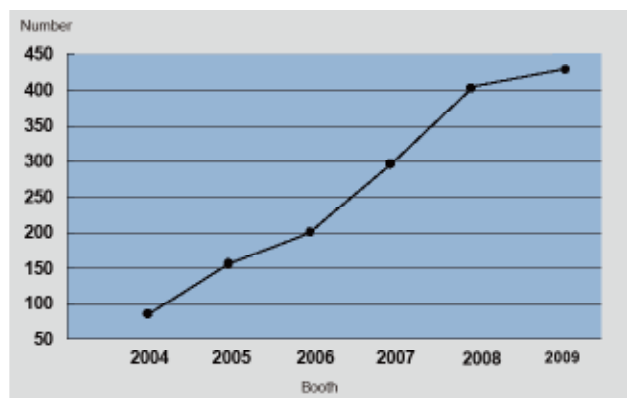

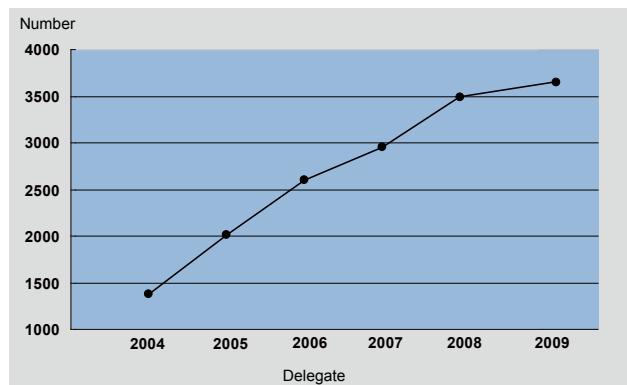

The Tianjin Meijiang Convention and Exhibition Center is located in the south of Tianjin city .

The venue area is about 230,000m² and about 100,000m² of total construction area. With complete functional and advanced facilities, it is certainly the leading modern international exhibition center in China.

The Tianjin Meijiang Convention and Exhibition Center is also the venue for 2010 Summer Davos.

Statistics on CHINA MINING 2004-2009

Who Attends

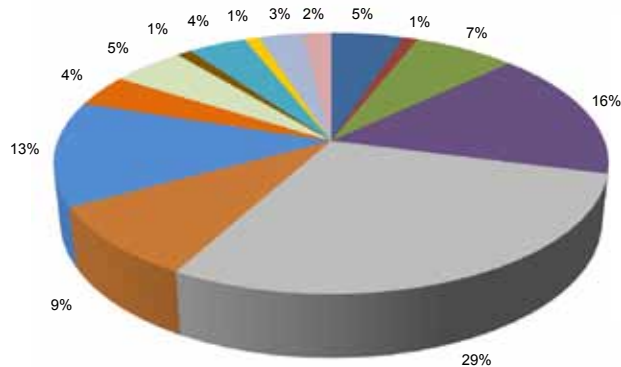

- Government officials • Financiers • Bankers
- Equipment/device suppliers • Mining association members
- Brokers • Consultants • Lawyers • Mining executives/managers
- Geological survey representatives • Geologists • Mining engineers
- Analysts • Service sector representatives • Mining media

Why Attend

- World's premier mining congress & exhibition
- The most respected and professional mining expo in China
- To learn from the experiences of mining leaders
- The best platform for international and local mining enterprises to cooperate
- To find investment opportunities
- To learn about the latest developments in mining worldwide
- To meet industry experts
- To meet and network with potential clients, suppliers and business partners

Breakdown of CHINA MINING 2009 Exhibitors

Government	5%
Association	1%
Exploration	7%
Mining Company	16%
Equipment	29%
Trading	9%
Technical Service	13%
Finance	4%
Legal/Consulting	5%
Evaluation	1%
Investment	4%
Education	1%
Media	3%
Other	2%

CHINA MINING 2010 Conference Overview

Comprehensive Conference Topics

CHINA MINING 2010 will have a deep discussion about various topics including: keynote presentations, Mining Investment and Financing, Technology and Equipment, Mining and Sustainable Development, Commodities Trends. The developments and trends of mining exploration will be discussed in this session. The conference will also increase the networking opportunities to address business issues that are relevant for the participants.

High-Level Speakers

CHINA MINING speakers include high-level Chinese and International government representatives, domestic and international experts as well as CEOs and General Managers of large international mining companies. What they think and say matters.

Convenient and Effective Way of Communication

How to find your partner out of the participants? CHINA MINING will launch a special service called "Match Service", this service will provide our potential partners' contact information to attendees. Delegates just need to fill a form to specify the names of the enterprises and the businesses scope they are looking for. The organizing committee will contact with the relevant enterprises in advance, and will create opportunities for networking and business talks during the event.

Extended Featured Events

In CHINA MINING 2010, the organizing committee will launch a number of new and extensive special events, including awards dinner and more exchange opportunities and platforms for business contacts.

Major Topics On CHINA MINING 2010

Keynote Session

- Keynote Session on the Theme of CHINA MINING 2010: World and China in the Mining Recovery: Co-operation, Responsibility and Development
- Mining Ministers Forum
- Keynote Session: Global Mining Development

Mining and Finance

- Mining and the Capital Markets
- Mining and Financial Services

Mining Investment Session

- Mining in Canada
- Mining in Australia
- Mining in Africa
- Mining in Latin America
- Mining in China & Asia
- Company Presentation
- Round Table Discussion: China Mining Policy and Law
- Outbound Mining Investment Forum

Mining Commodities

- Gold • Iron ore • Lead & Zinc • Copper & Nickel
- Uranium • Aluminum • Potash

Geological Survey, Mining Technology and Equipment

- Global Mining Exploration Analysis
- Chinese Geological Survey
- Mining Technology and Equipment

Mining and Sustainability Development

- Mine Safety and Environment Protection & Mine Environment and Resources Comprehensive Utilization
- Corporate Social Responsibility, Community Service and Safety Production

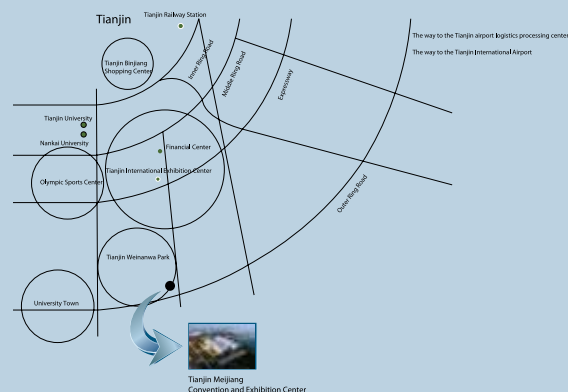

Logistic Services

CHINA MINING Organizing Committee provides relevant logistic services for participants, including Transportation and Accommodation Services. For more information about:

- How to Arrive in Tianjin
- Shuttle and Public Transportation Information
- Hotel information
- Traffic Guide and Venue Map, etc

Conference Program CHINA MINING 2010

Tuesday, November 16, 2010					
08:00-08:30	Doors Open to Official Opening of CHINA MINING 2010				
08:30-09:00	CHINA MINING Congress and Expo 2010 Opening Ceremony (Chair: Xu Shaoshi, Minister of Land and Resources)				
	Opening Remarks by Li Keqiang, Vice Premier, P.R.C (Invited)				
09:00-09:30	Coffee Break				
09:30-12:30	Keynote Session on the theme of CHINA MINING 2010: World and China in Mining Consolidation: Co-operation, Responsibility and Development (Chair: Yun Xiaosu, Deputy Minister of Land and Resources)				
	Senior government representatives, industry leaders and economists present keynote speeches on the theme of CHINA MINING 2010: World and China in Mining Consolidation: Co-operation, Responsibility and Development				
12:30-14:00	Lunch				
	Breakout Session 1	Breakout Session 2	Breakout Session 3	Breakout Session 4	Breakout Session 5
	Mining and the Capital Market	Mining in Canada	Mining Commodity Forum-Iron Ore	China Geological Survey Forum (1)	Round Table Discussion: Mining Rights Regulations and Policy in China
14:00-15:30	<ul style="list-style-type: none"> Outlining the establishment and practise of the international mature mining capital market; Examining the development and current stage of Chinese mining capital market; Accessing the financial structure in capital transaction Introducing venture capital mechanism in financing prospecting and exploration; 	Government representatives will talk about mining, exploration and FDI in Canada.	<ul style="list-style-type: none"> Analysis global supply in iron ore and outlook China's demand; Mapping out China's sourcing strategy Discussing whether M&A abroad is the only option for China to overcome the barrier in iron ore supply Presenting insights from the major iron-ore trader, organization and market intelligent agency 	<ul style="list-style-type: none"> Discussing national reform on geological prospecting Updating on the latest development in Chinese geological survey Examining the challenges and solutions Exhibiting the newly discovered minerals' deposit in China 	Chinese government regulators and industry leaders' round table discussion regarding to mining rights regulations and policy in China
15:30-16:00	Coffee Break				
	Mining and Finance	Mining in Australia	Mining Commodity Forum-Uranium	China Geological Survey Forum (2)	Company Presentation
16:00-18:00	<ul style="list-style-type: none"> Comprehending the new global emerging finance center in mineral and mining sector—China Accessing the finance and M&A options in minerals and mining sector Financing in prospecting and exploration mining capital market Case study -- the best practise of international capital investing in Chinese mine or the best practise of the Chinese capital investment case in China 	Government representatives will talk about mining, exploration and FDI in Australia.	<ul style="list-style-type: none"> Analysing Chinese energy strategy and mapping out China's demand in uranium; China's National Resources Reserve on uranium and its impact on the future price at the international market Examining China's short-mid term outsourcing plan to meet uranium demand; Accessing prospecting and M&A policy overseas 	<ul style="list-style-type: none"> China's strategic planning of prospecting and exploration in inland resource; Accessing the trends of the investment in China's mining exploration; Examining the joint force effort between central and local geological exploration fund to effectively enhancing the geological prospecting in China 	Representatives of mining companies will introduce their company, latest projects and developments.
18:00	Welcome Cocktail				

Conference Program CHINA MINING 2010

Wednesday, November 17, 2010					
	Plenary Session				
09:00-10:30	Keynote Session (2): The Ministers' Forum (Chair: Wang Min, Deputy Minister, China, Ministry of Land & Resources) Foreign Mining/Resources Ministers introducing policies, investor opportunities and industry trends in mining development, acquisition and international co-operation				
10:30-11:00	Coffee break				
11:00-12:30	Keynote Session (3): Mining Development Forum (Chair: Zhang Hongtao, Chief Engineer, Ministry of Land and Resources) Senior leading company representatives discuss the global mining development trend and company strategies at the global market place				
12:30-14:00	Lunch				
14:00-15:30	Breakout Session 1	Breakout Session 2	Breakout Session 3	Breakout Session 4	Breakout Session 5
	Sustainable Mining (1) Safety and Health	Mining in Latin America	Mining Commodity Forum-Base Metal (1)	Mining Technology	Global Mining Exploration Analysis
	<ul style="list-style-type: none">• Reviewing the Chinese regulations and policy in mine safety• Presenting the challenges and solutions in providing a healthy working environment in Chinese mining sector• Analysing workplace hazards to assess their potential risks to health, and to determine appropriate control measures to protect the health and wellbeing of mine workers;• A case study	Government and service providers will talk about mining, exploration and FDI in Latin America.	Lead & Zinc <ul style="list-style-type: none">• Forecasting the global lead and zinc market and china's demand• Reviewing and prospecting the factors affect lead and zinc price• Outlining the global lead and zinc exploitation and mining projects	<ul style="list-style-type: none">• Advanced technologies suitable for Chinese mining sector• Accessing the latest technologies in mining sector;• Introducing the cost-effective and environmental sensitive geochemistry in exploration• Companies and experts to present their latest technical innovations in exploration and mining.	<ul style="list-style-type: none">• Outlining the newly exploration on mineral deposit• Analysing the global investment trends in exploration and mine expansion• Mapping out the ongoing and potential prospecting and exploration sites in the world's mining jurisdictions;• Experts will talk about Global Exploration Markets and Trends
15:30-16:00	Coffee Break				
16:00-18:00	Sustainable Mining (2) - CSR, Low Carbon and Environment Protection	Mining in Asia (Exclude China)	Mining Commodity Forum-Base Metal (2)	Mining Equipment	Mining Commodity Forum-Aluminum
	<ul style="list-style-type: none">• Optimising positive impacts of mining operations through sustainable plan in local community to achieve socioeconomic development;• Accessing Innovative technology/process to reduce carbon footprint and greenhouse emissions;• Exploring tail treatment technology;• Environmental sensitive plan in mine closure and rehabilitation	Government and service providers will talk about mining, exploration and FDI in Asia	Copper & Nickel <ul style="list-style-type: none">• Outlooking the global copper market and china's demand• Examining ferro-nickel pig iron developments in China• Reviewing the factors affect copper and nickel price• Outlining global copper and nickel exploration and development	CHINA MINING 2010 offers a platform for companies and experts to present their latest technical innovations and equipments in exploration and mining.	<ul style="list-style-type: none">• Reviewing and prospecting the factors affect Aluminum price• Supply and demand of the Aluminum raw material;• Examining China capacity in aluminum production;• Accessing the sustainability of the global aluminium production;
18:00	Pre-Awards Cocktail				
18:30	CHINA MINING Awards Dinner				

Thursday, November 18, 2010			
	Breakout Session 1	Breakout Session 2	Breakout Session 3
	China Outbound Investment Strategy	Mining in Africa	Mining Commodity Forum-Gold
09:00-10:30	<ul style="list-style-type: none"> Reviewing and outlooking the trends of Chinese outbound mining investment at the global market place; Exploring finance or M&A options for Chinese minerals and mining sector; Examining challenges and opportunities in overseas mining jurisdictions 	Government representatives and service providers will talk about mining, exploration and FDI in Africa.	<ul style="list-style-type: none"> Prospecting Chinese development in gold industry; Discussing of global gold supply and demand; Global Investment Trends in Exploration and Mine Expansion National Experts will discuss the economic outlook and development trend for gold including industry overview, exploration and development, supply/demand and price.
10:30-11:00	Coffee Break		
	China Outbound Investment Services	Mining in China	Mining Commodity Forum-Rare Earth
11:00-12:30	<ul style="list-style-type: none"> Accessing the international finance consulting services in mining sector; Examining legal aspects of M&A mining assets globally; Introducing other services in accounting & taxation, HR, consulting, research 	Government representatives from different Chinese provinces and regions as well as experts will talk about mining, exploration and FDI in China.	<ul style="list-style-type: none"> Outlining China's strategic reserve planning and its impact Introducing China rare earth industry policy Outlining the global rare earth market and how to balance the supply and demand Examining Environmental regulation on rare earth production Outlining the rare earth exploration, development and industry technology
12:30-14:00	Lunch		

CHINA MINING 2010 Featured Events

CHINA MINING 2010 Awards Dinner

The Awards Dinner will be held on the second night of the convention. There will be leaders from mining authorities, senior managers and experts in legal, financial and other industries both domestic and abroad. The Gala Dinner is an excellent opportunity for you to communicate and negotiate co-operations with leaders from world leading mining companies, organizations, and agencies. It recognizes of the joint venture co-operation projects or joint venture companies which have made outstanding contributions to the work of exploration and exploitation of mineral resources in China, as well as the provincial land and resources management sectors which provide quality services for international cooperation in the mining industry. The Gala Dinner also promotes international exchanges and co-operations in the field of mineral resources prospecting and exploitation bringing in funds, technology and advanced management methods. In 2010, the organizing committee set CHINA MINING Awards:

- The Prospector/Explorer of the Year Award
- The Mine Development Award
- The Mining Environmental Protection Award
- The Technological Innovation Award
- The Governmental Support Award

The results will be announced during the Awards Dinner. Leaders of the Organizing Committee will present certificates and trophies to the winners.

Please submit nomination material online :

Tianjin Geological Tour

Visit Tianjin Jixian National Geopark of China

Ji County has a long and profound history and culture, rich in geological heritage resources and a beautiful ecological environment. In 1984, the State Council approved the establishment of the Jixian Middle-Upper Proterozoic Geology Natural Reserve Area. The Middle-Upper Proterozoic typical section formed during the period from 1800 to 800 million years ago and is famous for its complete stratigraphic sequence, continuous and well-preserved outcrop, clear basal and top boundaries, slight metamorphic rocks, and simple structure. In 2003, the Tianjin Jixian National Geopark of China was approved setup by the Ministry of Land and Resources of P.R.C., thus leading to the establishment of the Jixian Geological Museum in 2008. It has shown natural and is now a charming precious natural and cultural heritage site in China.

CHINA MINING 2010 Exhibition Overview

Exhibition Areas

- Mining Country Area
- Mining Synthesis Area
- Special Designed Area
- Equipment Area

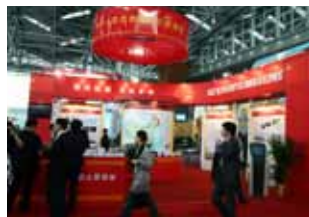

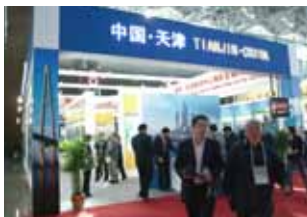

China Pavilion

Participated by Chinese Ministry of Land & Resources and other local land & resources departments, the China Pavilion shows China's great achievements in mining exploration and environmental protection at home and abroad in recent years, introduces China's new mining investment policies and investment opportunities, provides a platform for direct communication for domestic and foreign government officials, business leaders and local mining authorities.

Mining Country Pavilions

Major mining countries, including Canada, Australia and South Africa establish pavilions located in the exhibition area. The pavilions bring together Mining authorities and major mining corporations with their booths to introduce their mining investment policies and investment projects and to promote co-operations with China and abroad.

Special Designed Area

The Special Designed Area brings together influential mining corporations to expose their strengths and investment projects. It provides excellent exposure for corporations to promote potential co-operations.

Mining Synthesis Area

Mining Company Area covers the whole value chain, Including geological survey, exploration development, mining rights trading, mining investment & financing, smelting & processing, technique & equipment, mining services, etc. It brings together the most influential mining corporations, organizations and institutions at home and abroad.

Equipment Area

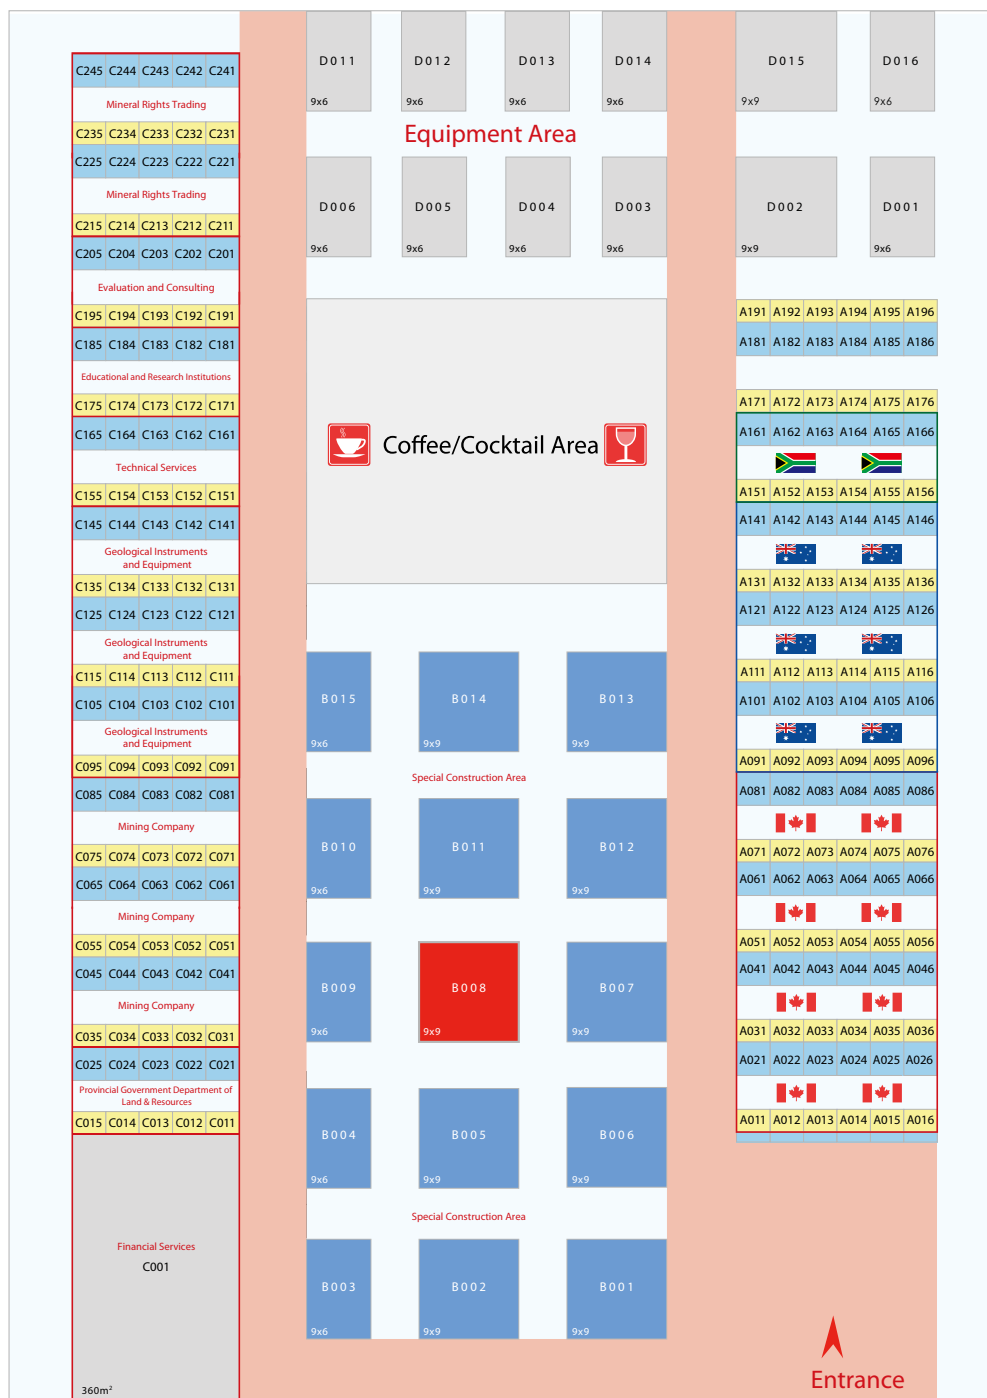

Equipment Area brings together numbers of large equipment suppliers with advanced techniques and powerful industrial influences, they embody the current most advanced techniques in this field worldwide. It provides a excellent platform for both purchasers and suppliers to seek cooperation opportunities.

Exhibitors Included

- Governments and Associations
- Mining Companies: Energy and Minerals, Metals and Non-metals
- Financial Service: Banks, Stock Exchanges, Insurance and Investment Companies
- Consultants: Accountants Firms, Law Firms, Mining Assessment Institutions
- Mining Rights Traders
- Trading Companies
- Geological Exploration: Geophysical Survey, Chemical Survey, Mapping service, ARSC
- Mining and Sustainability Development: Mine Safety and Environment Protection, Corporate Social Responsibility, and Low Carbon
- Mining Technology and Service: Software Develop, Data Analysis Automation and Information Services, Data Processing, SATCOM and VSAT
- Equipment Producers and Suppliers
- Geological Exploration Equipment: Aerial Remote Sensing Equipment, Mapping Equipment, Geological Data, Processing Equipment, Laboratory Analytical Instruments
- Mining Equipment: Drilling Equipment, Loading Equipment Transportation Equipment, Lifting Equipment, Explosive Device and construction equipment
- Mineral Processing: Crushing Grinding Equipment, Washing Machinery Screening Equipment
- Safety Equipment: Ventilation Equipment, Dedusting Equipment Protection Equipment
- Education: Universities, Research and Training Institutions
- Media and Publisher

Floor Plan - Exhibition Hall

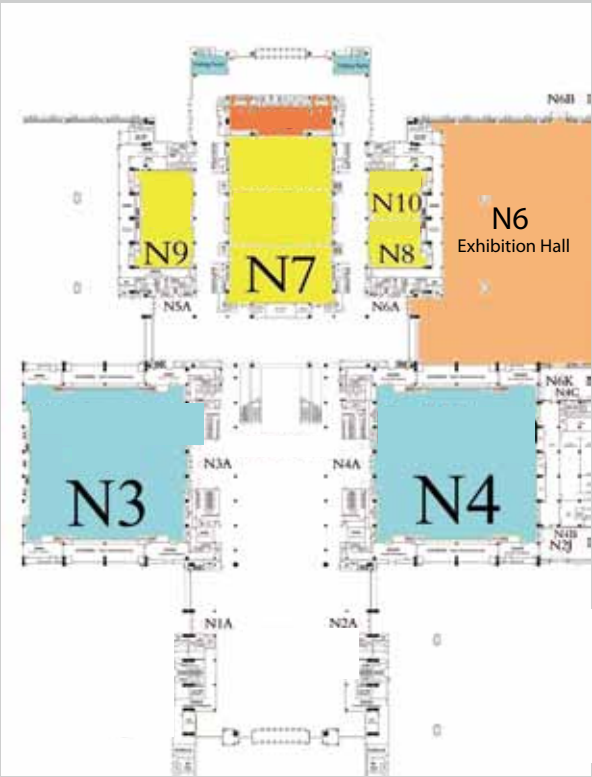

- Main Aisle
- Standard Booth 3 x 3M
- Special Construction Area
- Equipment Area
- Standard Booth 3 x 2M
- Country Pavilions

Review Of CHINA MINING Congress & Expo 2009

CHINA MINING 2009 concluded with much success. More than 3,500 delegates and 420 booths from 55 countries and regions attended the event each sharing their views on various topics related to the global mining industry.

Xu Shaoshi
Minister, Ministry of Land and Resources, China

Huang Xingguo
Mayor of Tianjin

Li Yuan
Chairman, China Mining Association

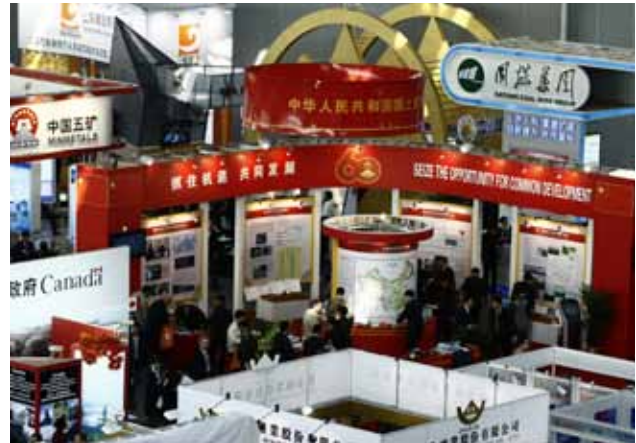

H.E. David Mulroney
Ambassador of Canada to China

H.E. Ndumiso N. Ntshinga
Ambassador of South Africa to China

Representative for the
Ambassador of Australia to China

2009 Conference Review

CHINA MINING 2009 featured more than 150 speakers and chairpersons from domestic and international mining industries, governments, other governmental institutions as well as related industries.

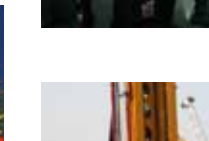

Wang Min
Vice Minister, MLR

José Pablo Arellano
CEO, Codelco-Chile

Chen Siqing
Bank of China

Zhu Hongjie
Export & Import Bank of China

Li Jiping
China National Development Bank of China

Howard Balloch
The former Ambassador of Canada to China

Jing Ulrich
Managing Director China Equities and Commodities, J.P.Morgan, China

Jan Klawitter
Head of Mining & Metals, World Economic Forum

Hon. Santiago González Larraín, Mining Minister, Chile

Hon. Maxwell M.B. Mwale, MP, Minister of Mines and Mineral Development, Zambia

Hon. Martin Kabwelulu, Minister of Mines of the Democratic Republic of Congo

Hon. Soullivong Daravong, Minister of Energy and Mining, Laos

Thanks to Our 2009 Sponsors
