Annual Press Release (PR) & Multimedia Distribution

Empower your communications and deliver your message clearly and precisely to key target markets, opinion leaders and influencers, consumer and business markets. Distribute your press and media to major on-line financial and business destinations around the world, hundreds of internet portals and websites, print and broadcast newsrooms, institutional and retail platforms, journalists and analysts, industry specific websites and social media networks.

ABN Newswire, is a leading electronic provider of Company news and press releases, and understands the importance of demonstrating the impact of a single press release or an entire campaign. ABN Newswire assists in establishing a global footprint for your company, distributing globally in 13 languages and representing over \$1 Trillion in clients' combined market capitalisation.

Document Hosting

Aggregate your Annual Reports, Quarterly Activities, Presentations and Company Documents onto your company profile on ABN Newswire.

Corporate Profile Video

Connect with stakeholders and investors with a 3 minute Corporate Profile Video, providing an important interface for company executives to speak directly to a wider audience. Corporate Profile Video showcases the value of your company by asking 3 key questions on; Background & Experience, Business Overview and Growth Plans. The Corporate Profile Video is hosted on ABN Newswire, stored within the company profile, hosted on your website and distributed through ABN Newswire's global professional investor network.

CEO Video Interview

Engage your target markets with talk back radio legend Brian Carlton from ABN Newswire to provide an in-depth look into your company operations, management, business overview and growth plans. Communicate clearly and precisely to a global audience, your company strategies, assets and value propositions, accompanied by company branding. The video interview will be hosted on ABN Newswire, stored within the company profile, hosted on your website and distributed around the world through ABN Newswire's global network.

Investor Relations Webpage

ABN-IR works with your company to drive global traffic back to your website by integrating all your press releases, videos, interviews and multimedia onto your own website using the ABN-IR Portal. ABN-IR is entirely automated, meaning you do no work, we provide a link for your website leading to a your hosted IR pages on ABN-IR, looking exactly like your own website, with all menu navigation referring readers back to your company website.

Investorium.tv – Live Webcast Presentation

Position your company in the heart of the Capital Markets by presenting your core assets to capital market and institutional representatives. Investorium.tv is a modern and innovative investment series connecting capital markets to investment opportunities while being Live Streamed globally at one of Australia's premier jazz venues. Investorium.tv will introduce you to an incredible networking opportunity, boasting superb results, high level attendance and a large capital pool.

Webcasting

Take your AGM worldwide through ABN Newswire's webcasting and live streaming technology. Invite shareholders to your chosen location, or at one of our venues or selected corporate venues. Invite offshore stakeholders to view your AGM online anywhere in the world. ABN Newswire provides your own interface with company and corporate branding, offering state-of-the-art multiple camera and video/audio production. Your AGM Webcast is Live Streamed via your own Corporate Website, and available for "on-demand" viewing following the live event.

Additional Services

Translation: ABN Newswire has an accredited (NATTI) staff of Translators with subject matter experience in Finance, Minerals, Energy, Biotech and Technology terminology. Translations are carried out by humans, not machines, and the result is a clear and accurate rendering of your information in **Japanese, Chinese, Korean, Arabic, German, French, Portuguese, Thai, Indonesian, Spanish and Russian**. From Press Releases to PowerPoint presentations, technical documentation and Audio Dubbing of Video.

Event Seminars and Roadshows: ABN Newswire runs monthly roadshows in various venues from 100 seats to 450 seats. Full production, catering, equipment, attendee management and a range of "add-on" services are available at our venues, or yours.

Equity Funding Facilitation: Our communications expertise has granted us valuable connections with funding capital from large providers. Involvement in any of our Investorium.tv networking events allows access to these opportunities.
