## BALMORAL ANNOUNCES APPOINTMENT OF MR. BRYAN DISHER AS A DIRECTOR OF THE COMPANY

**(Vancouver, March 9, 2016)** Balmoral Resources Ltd. (“Balmoral” or the “Company”) (TSX: BAR; OTCQX: BALMF) announced today that Mr. Bryan Fisher has joined the Company as a member of the Board of Directors. Mr. Fisher (CPA, CA) spent 38 years with PricewaterhouseCoopers in Canada, Australia and Ukraine. He was admitted to partnership in PwC Canada in 1991 and from 2011 until his retirement in June 2015 was a partner with PwC Central and Eastern Europe, where he served as both Managing Partner of its 400+ person Ukrainian practice and leader of its Ukrainian audit and assurance group.

Bryan worked in PwC’s Mining and Metals practice in Canada and Ukraine, serving both privately held and Canadian and US listed companies. He has assisted companies with initial public offerings and secondary offerings in both Canada and the US, going private transactions, acquisitions, audit, financial reporting and regulatory compliance and filings.

He was elected to PwC Canada’s Partnership Board in 2001 and his 8 years on the Board included a term as Chair of the Board. He was elected to the board of directors of the American Chamber of Commerce in Ukraine, where he served as Chair and Vice-Chair, and also served on a number of not-for-profit boards in Canada.

“We are excited to have Bryan join the Board of Balmoral,” said Darin Wagner, President and CEO of Balmoral. “His extensive international business experience and financial expertise adds an important element and viewpoint to the Board as the Company continues to advance its assets and evaluate opportunities to enhance shareholder value.”

*About Balmoral Resources Ltd. – [www.balmoralresources.com](http://www.balmoralresources.com)*

Balmoral is a well-funded, Canadian-based company currently focused on the delineation of its high-grade gold discoveries, and on the further expansion of the Grasset nickel-copper-cobalt-PGE deposit on its wholly owned, 700 square kilometre Detour Trend Project in Quebec, Canada. Employing an award winning exploration team, Balmoral has a philosophy of creating value through the drill bit. By focusing our efforts in proven productive precious/base metal belts in one of the world’s pre-eminent mining jurisdictions, Balmoral is following an established formula with a goal of maximizing shareholder value through discovery and definition of high-grade, Canadian gold and base metal assets.

On behalf of the board of directors of

*This press release contains forward-looking statements and forward-looking information (collectively, "forward looking statements") within the meaning of applicable Canadian and United States securities laws. All statements, other than statements of historical fact, included herein, including statements regarding the ability of the Company to advance its assets, the ability of the Company to derive value from its assets and the future direction of the Company are forward-looking statements. Forward-looking statements are typically identified by words such as: believe, expect, anticipate, intend, estimate, postulate and similar expressions or are those which, by their nature, refer to future events. Although the Company believes that such statements are reasonable, there can be no assurance that such statements will prove to be accurate, and actual results and future events could differ materially from those anticipated in such statements. The Company cautions investors that any forward-looking statements by the Company are not guarantees of future performance, and that actual results may differ materially from those in forward-looking statements. Important factors that could cause actual events and results to differ materially from the Company's expectations include those related to weather, equipment and staff availability; performance of third parties; risks related to the exploration stage of the Company's projects; market fluctuations in prices for securities of exploration stage companies and in commodity prices; and uncertainties about the availability of additional financing; risks related to the Company's ability to identify one or more economic deposits on the properties, and variations in the nature, quality and quantity of any mineral deposits that may be located on the properties; risks related to the Company's ability to obtain any necessary permits, consents or authorizations required for its activities on the properties; and risks related to the Company's ability to produce minerals from the properties successfully or profitably. Trading in the securities of the Company should be considered highly speculative. All of the Company's public disclosure filings may be accessed via [www.sedar.com](http://www.sedar.com) and readers are urged to review these materials, including the latest technical reports filed with respect to the Company's mineral properties.*

*This press release is not, and is not to be construed in any way as, an offer to buy or sell securities in the United States.*
