2017 East Coles / Transplant Australia Corporate Performance Awards

The 2017 [East Coles / Transplant Australia](#) Corporate Performance Awards Night will be held at the Ivy Ballroom on Thursday, 21 September. The incredibly talented electric violin artist Jane Cho will be performing on the night along with other entertainment (<http://www.janechomusic.com/>).

With performances spanning the globe from the Sydney Opera House to Wembley Arena, Jane Cho has played alongside artists from Michael Crawford to Mika and Snoop Dogg. Jane has also headlined world-class events for World Cup Racing, from Dubai through to London, and Australian Fashion Weeks.

This prestigious annual event is voted on by around 60 prominent fund manager organisations across Asia-Pacific and voting in the 2017 Awards will be closing down shortly. Fund managers are able to vote now at <https://secure.eastcoles.com.au/votenow>. **2017 Award nominees will be announced soon.**

In 2016 Ian Narev of CBA took out the Award for Best CEO in the Banks sector in Australia across the S&P/ASX100, whilst Hamish Douglass of Magellan Financial Group was voted Best CEO in the Diversified Financials sector. Gregory Goodman of Goodman Group won Best CEO in the Real Estate sector, whilst David Teoh of TPG Telecom was voted Best CEO in the TMT sector (and also across the entire S&P/ASX100).

In 2016 in the S&P/ASX101-200 some of the Best CEO's included Leigh Jasper of Aconex (IT&T sector), Emilio Gonzalez of BT Investment Management (Financials sector), Richard Herring of APN Outdoor (Media sector) and Trent Ottawa of Gateway Lifestyle (Real Estate sector).

The East Coles Corporate Performance Research asks analysts from both fund managers and brokerage houses to score the S&P/ASX200 stocks they cover across 25 performance categories. The scores are then averaged to create league tables in each category, then broken down into S&P/ASX100, S&P/ASX101-200 and GICS sectors.

The idea of the Research is to provide a feedback mechanism between the investment community and the S&P/ASX200 to ensure corporates are more finely attuned to investor sentiment. The Research provides an opportunity for investors to express their satisfaction or otherwise with the companies they cover and show their appreciation where they feel value has been added.
