The price that you receive for your securities under the facility will be the volume weighted average price of all Reproductive Health securities sold in the ordinary course of trading on the Australian Stock Exchange on the day (or over the days) of sale. This price will depend on a number of factors, including market conditions at the time, and you will not have control over the time at which your securities are sold. The transaction confirmation statement (and cheque if applicable) will be sent by post, at your risk, to your address as shown on the register.
