### About Tombola Gold Ltd

Tombola Gold (ASX:TBA) is a new Australian gold producer, with mining underway and expansion in progress as the Company fast tracks to first cash flow in 2022.

Scoping Studies indicate potential for profitable operation (ASX Release - Scoping Study Propels Gold Projects Towards Production – 26 July 2021).

The Mt Freda Complex consists of several gold mines including the Mt Freda Gold Project (TBA 80%) and Golden Mile Project (TBA 93%), which are in close proximity to core infrastructure in the area including roads and power, with the Company already advanced in constructing its own gold processing plant on site. Tombola has a well defined expansion strategy of utilising near-term gold cashflows to drive resource expansion with LOM extensions and exploration focus.

The Company also holds the Burra Project located in South Australia, a world class copper, gold and REE target, with a strategic tenement holding in a world-class domain. Burra covers 6,500<sup>2</sup> km in the G2 Structural Corridor, which hosts Olympic Dam, Carrapeteena and Prominent Hill. The Company has secured a \$300,000 grant from South Australian Governments Accelerated Discovery Initiative.
