## **Explanatory Statement**

This Explanatory Statement has been prepared to provide information which the Directors believe to be material to Shareholders in deciding whether or not to pass the Resolutions.

### **1. Annual Report**

Shareholders will be offered the opportunity to discuss the Annual Report at the Meeting. The Company will not provide a hard copy of the Annual Report to Shareholders unless specifically requested to do so. The Annual Report is available on the Company's website at <https://wilunamining.com.au/>

There is no requirement for Shareholders to approve the Annual Report. However, the Chair will allow a reasonable opportunity for Shareholders to ask questions or make comments about the Annual Report and the management of the Company. Shareholders will also be given an opportunity to ask the auditor questions as permitted by the Corporations Act.

### **2. Resolution 1 – Adoption of Remuneration Report**

#### **2.1 General**

The Corporations Act requires that at a listed company's annual general meeting, a resolution that the remuneration report be adopted must be put to the shareholders. However, such a resolution is advisory only and does not bind the company or the directors of the company.

The remuneration report sets out the company's remuneration arrangements for the directors and senior management of the company. The remuneration report is part of the directors' report contained in the annual financial report of the company for a financial year.

The chair of the meeting must allow a reasonable opportunity for its shareholders to ask questions about or make comments on the remuneration report at the annual general meeting.

#### **2.2 Voting consequences**

The vote on Resolution 1 is advisory only and does not bind the Company or its Directors. However, the Board will actively consider the outcome of the vote and comments made by Shareholders on the Remuneration Report when reviewing the Company's future remuneration policies and practices.

A company is required to put to its shareholders a resolution proposing the calling of another meeting of shareholders to consider the appointment of directors of the company (**Spill Resolution**) if, at consecutive annual general meetings, at least 25% of the votes cast on a remuneration report resolution are voted against adoption of the remuneration report and at the first of those annual general meetings a Spill Resolution was not put to vote. If required, the Spill Resolution must be put to vote at the second of those annual general meetings.

If more than 50% of votes cast are in favour of the Spill Resolution, the company must convene a shareholder meeting (**Spill Meeting**) within 90 days of the second annual general meeting.

All of the directors of the company who were in office when the directors' report (as included in the company's annual financial report for the most recent financial year) was approved, other than the managing director of the company, will cease to hold office immediately before the end of the Spill Meeting but may stand for re-election at the Spill Meeting.

Following the Spill Meeting those persons whose election or re-election as directors of the company is approved will be the directors of the company.

## **2.3 Previous voting results**

At the Company's previous annual general meeting the votes cast against the remuneration report considered at that annual general meeting were less than 25%. Accordingly, the Spill Resolution is not relevant for this Meeting.

It provides that where a company in general meeting ratifies a previous issue of securities made pursuant to ASX Listing Rule 7.1 (and provided that the previous issue did not breach ASX Listing Rule 7.1) those securities will be deemed to have been made with shareholder approval for the purpose of ASX Listing Rule 7.1.

### **7.3 Listing Rules 7.1A and 7.4**

ASX Listing Rule 7.1A provides that, in addition to issues permitted without prior shareholder approval under ASX Listing Rule 7.1, an entity that is eligible and obtains shareholder approval under ASX Listing Rule 7.1A may issue or agree to issue during the period for which the approval is valid a number of quoted equity securities which represents 10% of the number of fully paid ordinary securities on issue at the commencement of that 12 month period, as adjusted in accordance with the formula in ASX Listing Rule 7.1 (**Additional Issuance Capacity**).

The Company obtained the required Shareholder approval at its Annual General Meeting on 19 November 2020 and thus has the Additional Issuance Capacity until the 2021 Annual General Meeting. It used part of its Additional Issuance Capacity for a portion of the Placement, being the 50,144 Shares the subject of Resolution 7. If Resolution 10 is approved, the Company will again have

the Additional Issuance Capacity for the period commencing immediately after this Meeting until the 2022 annual general meeting, or such earlier date as determined by the ASX Listing Rules.

A summary of ASX Listing Rule 7.4 is set out in Section 7.2. Issues made under Listing Rule 7.1A can also be ratified under Listing Rule 7.4.

#### **7.4 Effect of the Resolutions**

Resolution 6 seeks Shareholder ratification pursuant to ASX Listing Rule 7.4 for the issue of 7,419,708 Shares to the participants in the Placement pursuant to the Company's capacity under ASX Listing Rule 7.1.

If Shareholders approve Resolution 6, they will have ratified the issue of the 7,419,708 Shares, and those Shares will no longer use up a portion of the Company's Placement Capacity. This means the Company will have an increased ability to issue equity securities without seeking Shareholder approval.

If Shareholders do not approve Resolution 6, the issue of the relevant Shares will continue to use up a portion of the Company's Placement Capacity until the date that is 12 months from their date of issue, and the Company will therefore have a reduced ability to issue equity securities without seeking Shareholder approval until that time.

Resolution 7 seeks Shareholder ratification pursuant to ASX Listing Rule 7.4 for the issue of 50,144 Shares to the participants in the Placement pursuant to the Company's Additional Issuance Capacity under ASX Listing Rule 7.1A.

If Shareholders approve Resolution 7, those Shares will no longer use up a portion of the Company's Additional Issuance Capacity, and the base figure (i.e. variable "A") on which the Company's 15% Placement Capacity, and 10% Additional Issuance Capacity (assuming Shareholders approve Resolution 10 so that the Company has the Additional Issuance Capacity for the next 12 months following this Meeting), are calculated will be a higher number. This in turn will allow a proportionately higher number of securities to be issued without prior Shareholder approval.

If Shareholders do not approve Resolution 7, the issue of these Shares will continue to use up a portion of the Company's current Additional Issuance Capacity until that date that is 12 months from their date of issue, and will not be included in the base figure from which the annual placement capacities are calculated, and the Company will therefore have a reduced ability to issue equity securities without seeking Shareholder approval until that time.

#### **7.5 Board recommendation**

The Board recommends that Shareholders vote in favour of Resolutions 6 and 7 so the Company can preserve maximum flexibility in terms of its ability to issue equity securities under its Placement Capacity.

#### **7.6 Technical information required by ASX Listing Rule 7.4**

Pursuant to and in accordance with ASX Listing Rule 7.5, the following information is provided in relation to Resolutions 6 and 7:

## **8. Resolution 8 – Approval to issue Options to Executive Chairman Milan Jerkovic under Wiluna Employee Option Plan**

### **8.1 General**

The Company operates the Wiluna Employee Option Plan (the **EOP**) in order to make awards of options to acquire shares in the Company to eligible employees and contractors as part of the Company's remuneration policy and practice. Shareholders approved the issue of options under the EOP as an exception from Listing Rule 7.1 at the 2020 AGM. A summary of the EOP is set out at Schedule 1. The issue of any options under the EOP to related parties requires prior Shareholder approval for the particular proposed issue.

Resolution 8 relates to the proposed participation of the Executive Chairman, Milan Jerkovic, in the EOP for the 2021-2022 financial year. The Board proposes to invite Mr Jerkovic (or his nominee/s), subject to obtaining Shareholder approval, to apply for 50,535 Zero Exercise Price Options (**ZEPOs**) as incentivisation remuneration. The maximum number of Shares that can be acquired pursuant to these ZEPOs would be, if all the vesting and exercise conditions are met and all the ZEPOs are exercised, 50,535, subject to any adjustments made in accordance with the terms of the EOP.

The proposed issue of 50,535 ZEPOs to Mr Jerkovic have an aggregate Fair Value of \$47,437 (being 50,535 ZEPOs x \$0.94 per option).

Fair value of \$0.94 per Option is based on the 5-day VWAP of the Company's ordinary fully paid shares to close of trading on 30 June 2021, being the effective date for the award of the LTI (subject to Shareholder approval).

The issue of ZEPO's to Mr Jerkovic following shareholder approval at the 2020 annual general meeting was based upon his fixed remuneration at the date of that notice of meeting, and was Mr Jerkovic's LTI award for the period to 30 June 2023. The proposed issue of ZEPOs contemplated by

this Resolution reflects the incremental increase to Mr Jerkovic's LTI entitlement based on an incremental increase in his fixed remuneration.

The key terms and conditions, including vesting and exercise conditions, of the ZEPOs that the Company proposes to award to Mr Jerkovic are set out at Schedule 2.

## **8.2 Chapter 2E of the Corporations Act**

For a public company, or an entity that the public company controls, to give a financial benefit to a related party of the public company, the public company or entity must:

- (a) obtain the approval of the public company's members in the manner set out in sections 217 to 227 of the Corporations Act; and
- (b) give the benefit within 15 months following such approval,

unless the giving of the financial benefit falls within an exception set out in sections 210 to 216 of the Corporations Act.

The issue of the ZEPOs constitutes giving a financial benefit, and Mr Jerkovic is a related party of the Company by virtue of being a Director.

The Directors (other than Mr Jerkovic, who has a material personal interest in the Resolution) consider that Shareholder approval pursuant to Chapter 2E of the Corporations Act is not required in respect of the issue of the ZEPOs the subject of this Resolution because the agreement to issue the ZEPOs to Mr Jerkovic is considered reasonable remuneration in the circumstances, and was negotiated on an arm's length basis.

## **8.3 ASX Listing Rule 10.14**

ASX Listing Rule 10.11 provides that a listed company must not issue equity securities without prior shareholder approval to a related party or an associate of a related party, or to various other categories of shareholder having a relationship of influence with the Company. ASX Listing Rule 10.12 Exception 8 makes an exception from ASX Listing Rule 10.11 for issues of equity securities to related parties who participate in the issue of securities under an employee incentive scheme with shareholder approval.

ASX Listing Rule 10.14 provides that a listed company must not permit any of the following persons to acquire equity securities under an employee incentive scheme:

- (a) a director;
- (b) an associate of a director; or
- (c) a person whose relationship with the company, or with a director or associate of a director, is such that, in ASX's opinion, the issue or agreement should be approved by its shareholders.

unless it obtains the approval of its shareholders.

Milan Jerkovic is a Director of the Company and the proposed issue to him of the ZEPOs the subject of this Resolution falls within ASX Listing Rule 10.14.

This Resolution seeks the required Shareholder approval for the issue of 50,535 ZEPOs to Mr Jerkovic (or his nominee/s) as incentivised remuneration under and for the purposes of Listing Rule 10.14.

If this Resolution is passed, the Company will be able to proceed with the issue of the ZEPOs the subject of this Resolution.

If this Resolution is not passed, the Company will not be able to proceed with the issue of the ZEPOs the subject of this Resolution and will instead consider alternative arrangements for Mr Jerkovic in respect of his Long Term Incentive remuneration.

#### **8.4 Directors' recommendation**

Mr Jerkovic has a material personal interest in the outcome of this Resolution and declines to make a recommendation.

The Board (apart from Mr Jerkovic) considers that he has been and continues to be a key figure in the achievement of the Company's strategic goals, given his experience and skill base. Making an award pursuant to the EOP provides the Company with a mechanism to offer Mr Jerkovic participation in the future development of the Company and to incentivise his continued involvement with and commitment to the Company. The Directors (other than Mr Jerkovic) recommend that Shareholders vote in favour of this Resolution.

#### **8.5 Technical Information required by ASX Listing Rule 10.15**

Pursuant to and in accordance with ASX Listing Rule 10.15, the following information is provided in relation to this Resolution:

- (b) Mr Jerkovic is a Director of the Company, and as such approval is being sought pursuant to ASX Listing Rule 10.14.1;

Participation in the incentive opportunities of the Company's Remuneration Policy is based on successful milestone achievements against Board-determined KPIs including:  Company KPIs (60%) <ul style="list-style-type: none"><li>• Company operating cashflows,</li><li>• Gross site operating costs,</li><li>• Production target gold ounces, and</li><li>• safety measures (Total Reportable Injury Frequency Rate).</li></ul>

	<p>Individual performance (40%)</p> <ul style="list-style-type: none"> <li>• Individual specific goals and the Board's discretion</li> </ul>
Long term incentives ( <b>LTI</b> )	<p>ZEPOs with a fair value equal to 60% of fixed remuneration with a three year term (i.e. 20% per annum) and subject to vesting conditions set by the Board. ZEPOs issued from 1 July 2021 will have only the performance metric of performance vs the ASX Gold Index. Vesting conditions for LTI performance hurdles will be tested only once at the end of every 3 year measurement period. The conditions for prior period ZEPO issues include performance versus ASX Gold Index, Reserves increased, and Mineral Resources Maintained.</p>

(e) the number of equity securities previously issued to Mr Jerkovic under the EOP since the most recent Shareholder approval on 19 November 2020 to enable the Company to issue securities under the EOP are:

The issue of these ZEPOs was approved by Shareholders at last year's annual general meeting held on 19 November 2020 and they are subject to the performance conditions set out in Schedule 2 of the 2020 notice of annual general meeting; and.

previous issues of ZEPOs made to Mr Jerkovic under earlier versions of the EOP prior to 19 November 2020:

(ii) 10,000,000 ZEPOs expiring 31 December 2021, as approved by Shareholders on 11 May 2018; and

(iii) 2,522,596 ZEPOs expiring 30 June 2023 with a grant date of 5 July 2019 as approved by Shareholders on 24 September 2019 and subject to the performance conditions set out in Annexure C to the notice of meeting dated 15 August 2019.

The ZEPOs in (ii) and (iii) were granted on a pre-consolidation basis. 2,500,000 of the ZEPOs expiring on 31 December 2021, and all of the ZEPOs expiring on 30 June 2023, remained on issue when the Company's consolidation of capital became effective in June 2020 and were consolidated into 25,000 and 25,226 ZEPOs respectively.

These securities were all ZEPOs and no cash acquisition price was paid by Mr Jerkovic for the grant of those securities, and none will be paid if they vest and are exercised into Shares;

(f) a summary of the material term of the ZEPOs is set out at Schedule 2. Each ZEPO entitles the holder to acquire a share in the Company subject the fulfilment of the vesting and exercise conditions;

(g) ZEPOs are being offered as the long term incentive component of Mr Jerkovic's remuneration package. The Company has chosen to issue ZEPOs as part of Mr Jerkovic's remuneration package in order to provide a performance-linked incentive component, and to motivate and reward his performance in the achievement of the vesting conditions within the relevant time periods. This is also considered a cost-effective remuneration practice, and is considered reasonable given the vesting conditions will align the interests of Mr

Jerkovic with those of Shareholders.

The proposed issue of 50,535 ZEPOs to Mr Jerkovic have an aggregate Fair Value of \$47,437 (being 50,535 ZEPOs x \$0.94 per option).

Fair value of \$0.94 per Option is based on the 5-day VWAP of the Company's ordinary fully paid shares to close of trading on 30 June 2021, being the effective date for the award of the LTI (subject to Shareholder approval);

- (h) the total value that the Company attributes to the 50,535 ZEPOs for the 3 year period to 30 June 2024 at the award date of 1 July 2021 is \$47,437 (being 3.04% of Mr Jerkovic's fixed remuneration for each year of the corresponding period).
- (i) the Company intends to issue the ZEPOs to Mr Jerkovic as soon as practicable after the date of the Meeting, and in any case within 3 years of the date of the Meeting. It is intended that the issue of all of the ZEPOs will occur on the same date;
- (j) the ZEPOs will be issued for nil cash consideration;
- (k) a summary of the material terms of the EOP under which the ZEPOs are to be granted is set out at Schedule 1;

- (m) any additional persons covered by Listing Rule 10.14 who become entitled to participate in any issue of securities under the EOP after the Resolution is approved and who were not named in the Notice will not participate until approval is obtained under that rule.

Approval pursuant to ASX Listing Rule 7.1 is not required for the issue of the ZEPOs provided that approval is obtained under ASX Listing Rule 10.14. Accordingly, the issue of ZEPOs to Mr Jerkovic (or his nominee/s) if approved will not be included in the use of the Company's 15% annual placement capacity pursuant to ASX Listing Rule 7.1.

## **9. Resolution 9 – Approval to issue Options to Chief Operating Officer and former Director Neil Meadows under Wiluna Employee Option Plan**

### **9.1 General**

Resolution 9 relates to the proposed participation of former Director, Neil Meadows, in the EOP for the 2021-2022 financial year. Mr Meadows resigned as a director with effect from 1 October 2021 and continues as a Senior Executive in the role of Chief Operating Officer. The Board proposes to invite Mr Meadows (or his nominee/s), subject to obtaining Shareholder approval, to apply for 213,098 Zero Exercise Price Options (**ZEPOs**) as incentivisation remuneration. The maximum number of Shares that can be acquired pursuant to these ZEPOs would be, if all the vesting and exercise conditions are met and all the ZEPOs are exercised, 213,098, subject to any adjustments made in accordance with the terms of the EOP.

The proposed issue of 213,098 ZEPOs to Mr Meadows is consistent with the Long Term Incentive (LTI) awards issued to other personnel of the Company (with the exception of the Executive Chair the subject of Resolution 8). The proposed LTI award to Mr Meadows is valued at \$200,037<sup>1</sup>.

<sup>1</sup> Fair value of \$0.94 per Option is based on the 5-day VWAP of the Company's ordinary fully paid shares to close of trading on 30 June 2021, being the effective date for the award of the LTI (subject to Shareholder approval).

The proposed issue of ZEPO's to Mr Meadows is for a value equal to 41.2% of his current annual fixed remuneration. The proposed issue, in conjunction with prior issues, are designed to deliver ZEPO's to Mr Meadows that have a fair value equal to an average of 20% of his fixed remuneration per annum over a 3 year period.

The key terms and conditions, including vesting and exercise conditions, of the ZEPOs that the Company proposes to award to Mr Meadows are set out at Schedule 2.

## **9.2 Chapter 2E of the Corporations Act**

A summary of Chapter 2E of the Corporations Act is set out at Section 8.2.

The Directors consider that Shareholder approval pursuant to Chapter 2E of the Corporations Act is not required in respect of the issue of the ZEPOs the subject of this Resolution because the agreement to issue the ZEPOs to Mr Meadows is considered reasonable remuneration in the circumstances, and was negotiated on an arm's length basis. (Mr Meadows resigned as a Director with effect from 1 October 2021 but while he remained a Director he did not take part in the Board's consideration of this matter, in which he had a material personal interest, and would not have made a recommendation to shareholders in respect of how to vote on this Resolution, for the same reason).

## **9.3 ASX Listing Rule 10.11**

Listing Rule 10.11 provides that, unless one of the exceptions in Listing Rule 10.12 applies, a listed company must not issue or agree to issue equity securities (including options) to, inter alia, a related party of the company, such as a director, without the Company obtaining the approval of its Shareholders. If Shareholder approval is given under Listing Rule 10.11, Listing Rule 7.2, Exception 14 provides that Shareholder approval is not required under Listing Rule 7.1.

Neil Meadows was a Director of the Company until 1 October 2021, and continues to be a related party of the Company under section 228(5) of the Corporations Act for 6 months after his resignation from the Board. He also continues to be the Chief Operating Officer. The proposed issue to him of the ZEPOs the subject of this Resolution falls within ASX Listing Rule 10.11.

This Resolution seeks the required Shareholder approval for the issue of 213,098 ZEPOs to Mr Meadows (or his nominee/s) as incentivised remuneration under and for the purposes of Listing Rule 10.11.

If this Resolution is passed, the Company will be able to proceed with the issue of the ZEPOs the subject of this Resolution.

If this Resolution is not passed, the Company will not be able to proceed with the issue of the ZEPOs the subject of this Resolution and will instead consider alternative arrangements for Mr Meadows in respect of his Long Term Incentive remuneration.

## **9.4 Directors' recommendation**

The Board considers that Mr Meadows has been and continues to be a key figure in the achievement of the Company's strategic goals, given his experience and skill base. Making an award pursuant to the EOP provides the Company with a mechanism to offer Mr Meadows participation in the future development of the Company and to incentivise his continued involvement with and commitment to the Company. The Directors recommend that Shareholders vote in favour of this Resolution.

## **9.5 Technical Information required by ASX Listing Rule 10.13**

Pursuant to and in accordance with ASX Listing Rule 10.13, the following information is provided in relation to this Resolution:

(a) the ZEPOs will be issued to Neil Meadows (or his nominee/s);

(b) Mr Meadows was a Director of the Company until 1 October 2021 and he therefore continues to be a related party of the Company under section 228(5) of the Corporations Act for 6 months after the date of his resignation, and continues to be a Senior Executive in the role of Chief Operating Officer, and as such approval is being sought pursuant to ASX Listing Rule 10.11.1;

(c) the number of ZEPOs to be issued is 213,098. This is also the maximum number of Shares to be issued, if all the vesting and exercise conditions applicable to the ZEPOs are met (subject to any adjustments in accordance with the terms of the EOP);

These ZEPOS were granted on a pre-consolidation basis. They remained on issue when the Company's consolidation of capital became effective in June 2020, and were consolidated into 79,615, 55,731 and 23,885 ZEPOS respectively.

These securities were all ZEPOS and no cash acquisition price was paid by Mr Meadows for the grant of those securities, and none will be paid if they vest and are exercised into Shares;

- (i) the total value that the Company attributes to the 213,098 ZEPOS for the 3 year period to 30 June 2024 at the award date of 1 July 2021 is \$200,037 (being 41% of Mr Meadows' current annual fixed remuneration). The proposed issue, in conjunction with prior issues, are designed to deliver ZEPO's to Mr Meadows that have a fair value equal to an average of 20% of his fixed remuneration per annum over a 3 year period.
- (j) the Company intends to issue the ZEPOS to Mr Meadows as soon as practicable after the date of the Meeting, and in any case within 1 month of the date of the Meeting. It is intended that issue of all of the ZEPOS will occur on the same date;
- (k) the ZEPOS will be issued for nil cash consideration;
- (l) a summary of the material terms of the EOP under which the ZEPOS are to be granted is set out at Schedule 1;

Approval pursuant to ASX Listing Rule 7.1 is not required for the issue of the ZEPOS provided that approval is obtained under ASX Listing Rule 10.11. Accordingly, the issue of ZEPOS to Mr Meadows (or his nominee/s) if approved will not be included in the use of the Company's 15% annual placement capacity pursuant to ASX Listing Rule 7.1.

## **10. Resolution 10 – Approval of 10% Issuance Capacity**

### **10.1 General**

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of equity securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of the fully paid ordinary securities it had on issue at the start of that period.

Under Listing Rule 7.1A, however, an eligible entity can seek approval from its members, by way of a special resolution passed at its annual general meeting, to increase this 15% limit by an extra 10% to 25%.

An "eligible entity" means an entity which is not included in the S&P/ASX300 Index and which has a market capitalisation of \$300 million or less. The Company is an eligible entity for these purposes.

Resolution 10 seeks Shareholder approval by way of special resolution for the Company to have the additional 10% capacity provided for in Listing Rule 7.1A to issue equity securities without Shareholder approval (**Additional Issuance Capacity**).

If Resolution 10 is not passed, the Company will not be able to access the Additional Issuance Capacity and will remain subject to the 15% limit on issuing equity securities without Shareholder approval set out in Listing Rule 7.1.

The Board considers it is in the Company's best interests to have the opportunity to take advantage of the flexibility to issue additional securities provided under ASX Listing Rule 7.1A. As at the date of this Notice, no decision has been made by the Board to undertake any issue of securities under the Additional Issuance Capacity if Shareholders approve Resolution 10. The Board unanimously recommend that Shareholders vote in favour of Resolution 10.

The information below provides more background on ASX Listing Rule 7.1A and the disclosure required by ASX Listing Rule 7.3A.

### **10.2 Description of ASX Listing Rule 7.1A**

#### **(a) Securities which may be issued under the Additional Issuance Capacity**

Under the Additional Issuance Capacity, the Company can only issue Equity Securities belonging to an existing quoted class of the Company's Equity Securities. As at the date of this Notice, the Company has on issue only one class of quoted Equity Securities, being fully paid ordinary shares (ASX Code: WMC).

#### **(b) Minimum issue price**

Equity Securities issued under the Additional Issuance Capacity must be issued for cash consideration per security which is not less than 75% of the volume weighted average market price for the securities in that class, calculated over the 15 ASX trading days on which trades of securities in that class were recorded immediately before:

- (i) the date on which the price at which the securities are to be issued is agreed by the Company and the recipient of the securities; or
- (ii) if the securities are not issued within 10 ASX trading days of the date in paragraph (i) above, the date on which the securities are issued.

The Company will disclose this information when Equity Securities are issued under the Additional Issuance Capacity.

(c) **Period for which approval will be valid**

Shareholder approval of the Additional Issuance Capacity will be valid for the period commencing on the date of the Meeting and expiring on the first to occur of the following:

- (i) the date that is 12 months after the date of the Meeting; or
- (ii) the time and date of the Company's next annual general meeting; or
- (iii) if the Company receives Shareholder approval for a proposed transaction under ASX Listing Rule 11.1.2 (significant change to the nature or scale of activities) or ASX Listing Rule 11.2 (disposal of main undertaking), the time and date of that approval,

**(Additional Issuance Period).**

(d) **Dilution risks**

If Equity Securities are issued under the Additional Issuance Capacity, there is a risk of economic and voting dilution of existing Shareholders, including the following risks:

- (i) the market price for Equity Securities in the class of securities issued under the Additional Issuance Capacity may be significantly lower on the issue date than on the date of the approval under ASX Listing Rule 7.1A (that is, the date of the Meeting, if Resolution 10 is approved); and
- (ii) the Equity Securities may be issued under the Additional Issuance Capacity at a discount to the market price for those Equity Securities on the issue date,

which may have an effect on the amount of funds raised by the issue of the Equity Securities.

The below table shows the potential dilution of existing Shareholders on the basis of the market price of Shares and the number of ordinary securities for variable "A" calculated in accordance with the formula in ASX Listing Rule 7.1A.2, both as at 11 October 2021.

The table also shows:

- (i) two examples where variable "A" has increased, by 50% and 100%. Variable "A" is based on the number of ordinary securities the Company has on issue as 11 October 2021. The number of ordinary securities on issue may increase as a result of issues of ordinary securities that do not require Shareholder approval (for example, a pro rata entitlement offer or securities issued under a takeover offer) or future specific placements under Listing Rule 7.1 that are approved at a future general meeting; and
- (ii) two examples of where the issue price of ordinary securities has decreased by 50% and increased by 50% as against the market price as at 11 October 2021.

	<b>Funds Raised</b>	\$16,147,343	\$32,294,686	\$48,442,029

\*The number of Shares on issue (Variable A in the formula) could increase as a result of the issue of Shares that do not require Shareholder approval (such as under a pro-rata rights issue or scrip issued under a takeover offer) or that are issued with Shareholder approval under Listing Rule 7.1.

The table above uses the following assumptions:

1. There are currently 158,307,284 Shares on issue.
2. The issue price set out above is the closing price of the Shares on the ASX on 11 October 2021.
3. The Company issues the maximum possible number of Equity Securities under the Additional Issuance Capacity.
4. The Company has not issued any Equity Securities in the 12 months prior to the Meeting that were not issued under an exception in ASX Listing Rule 7.2 or with approval under ASX Listing Rule 7.1.
5. The issue of Equity Securities under the Additional Issuance Capacity consists only of Shares and the consideration provided for those Shares is cash. It is assumed that no Options are exercised into Shares before the date of issue of the Equity Securities.
6. The calculations above do not show the dilution that any one particular Shareholder will be subject to. All Shareholders should consider the dilution caused to their own shareholding depending on their specific circumstances.
7. This table does not set out any dilution pursuant to approvals under ASX Listing Rule 7.1.
8. The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.

Shareholders should note that there is a risk that:

- (i) the market price for the Company's Shares may be significantly lower on the issue date than on the date of the Meeting; and
- (ii) the Shares may be issued at a price that is at a discount to the market price for those Shares on the date of issue.

**(e) Purpose of issues under Additional Issuance Capacity**

The Company may issue Equity Securities under the Additional Issuance Capacity to raise cash to fund the following:

- (i) general working capital expenses;
- (ii) activities associated with its current business;
- (iii) repayment of debt; or

- (iv) the acquisition of new assets and investments (including any expenses associated with such an acquisition).

The Company will comply with the disclosure requirements of ASX Listing Rule 7.1A.4 on issue of any Equity Securities pursuant to the approval sought by Resolution 10.

**(f) Allocation policy under Additional Issuance Capacity**

The Company's allocation policy and the identity of the recipients of Equity Securities issued under the Additional Issuance Capacity will be determined on a case-by-case basis at the time of issue and in the Company's discretion.

No decision has been made in relation to an issue of Equity Securities under the Additional Issuance Capacity, including whether the Company will engage with new investors or existing Shareholders, and if so the identities of any such persons.

However, when determining the allocation policy and the identity of the recipients, the Company will have regard to the following considerations:

- (i) prevailing market conditions;
- (ii) the purpose for the issue of the Equity Securities;
- (iii) the financial situation and solvency of the Company;
- (iv) impacts of the placement on control;
- (v) other methods of raising capital; and
- (vi) advice from corporate, financial and broking advisers (if applicable).

Recipients may include existing Shareholders or new investors, but not persons who are related parties or associates of related parties of the Company. If the issue is made in connection with the acquisition of assets, the recipients may be the sellers of those assets.

**(g) Previous issues under the Additional Issuance Capacity**

The Company has issued or agreed to issue the following Equity Securities under a previous Additional Issuance Capacity in the 12 months prior to the date of the Meeting. The issue of Shares on 11 December 2020 was ratified by Shareholders at the general meeting held on 12 April 2021, and the issue on 6 April 2021 is the subject of and is proposed for Shareholder ratification under Resolution 7.

2. Fully paid ordinary shares in the capital of the Company, ASX Code: WMC (terms are set out in the Constitution).

after the holder ceases to be an Eligible Person;

(v) if the Company undergoes a Change of Control.

(l) **Vesting, Exercise, and Lapse on Change of Control:** On occurrence of a Change of Control Event, the Board may determine that all or a percentage of unvested Options will vest and become exercisable with such vesting deemed to have taken place immediately prior to the effective date of the Change of Control Event, regardless of whether or not the engagement of the Participant is terminated or ceases in relation to the Change of Control Event.

The Company will give written notice of any proposed Change of Control Event to each Participant, regardless of whether or not the Board will accelerate the vesting of any Options. Upon the giving of this notice, each Participant will be entitled to exercise within 14 days all or a portion of their Options that are then vested and exercisable in accordance with their terms, and any unvested Options that become vested and exercisable in relation to completion of a Change of Control Event.

Unless the Board determines otherwise, upon expiration of that 14 day period, all rights of the Participants to exercise any outstanding Options terminate and all such Options immediately lapse.

(m) **Not transferrable:** A BEPO or ZEPO is not transferable. A PEPO is transferable only with the approval of the Board.

(n) **Shares:** Shares resulting from the exercise of the Options shall, from the date of issue, rank on equal terms with all other Shares on issue.

(o) **Quotation of Shares:** The Company will apply to ASX for quotation of Shares issued on exercise of any Options issued under the EOP.

(p) **No Participation Rights:** The Options do not confer a right to participate in issues of securities before exercise, but the Company must give an Optionholder notice of the record date for a pro rata entitlements issue to the extent required by the ASX Listing Rules.

(q) **Adjustments for pro rata issues (except a bonus issue):** The exercise price of the Option may be reduced according to the following formula:

$$O' = \frac{O - E[P - (S + D)]}{N + 1}$$

O' = the new exercise price of the Option

O = the old exercise price of the Option

E = the number of underlying securities in the Company into which one Option is exercisable

P = the average market price per security (weighted by reference to volume) of the underlying securities in the Company during the five trading days ending on the day before the ex-rights date or ex-entitlements date

S = the subscription price for a security under the pro rata issue

D = the Dividend due but not yet paid on the existing underlying securities (except those to be issued under the pro rata issue).

**Associate** of an Eligible Person means:

## **Schedule 2 – Terms and Conditions of ZEPOs**

The ZEPOs entitle the holder to subscribe for fully paid ordinary shares in the Company on the following terms.

(a) **Entitlement**

Once vested, and subject to paragraph (m), each ZEPO entitles the holder to subscribe for one Share issued under the EOP at nil cost.

(b) **Exercise Price**

There is no exercise price payable on exercise of a ZEPO.

(c) **Exercise Period**

The exercise period for ZEPOs will commence when the ZEPOs have vested and any exercise conditions have been satisfied or waived by the Board, or are deemed to have been satisfied, under the terms and conditions of the EOP.

(d) **Expiry Date**

The exercise period for the ZEPOs will end on 30 June 2025 (**Expiry Date**), subject to the terms and conditions of the EOP and the terms of the Company's Security Trading Policy. A ZEPO not exercised before the Expiry Date will automatically lapse on the Expiry Date.

(e) **Vesting and Exercise Conditions**

The ZEPOs will vest on satisfaction of the following conditions:

The vesting date of these ZEPOs is 30 June 2024. 100% of the ZEPO's will be subject to the Performance versus Gold Index Test performance hurdle (the **Gold Index ZEPO's**);

### **Gold Index ZEPO's Performance Hurdle**

The performance hurdle applying to the Gold Index ZEPO's is outlined below:

Wiluna Mining share price performance compared to the Gold Index measures the return received by shareholders from holding shares in a company over a performance period compared to the returns achieved elsewhere in the gold sector. Wiluna Mining's share price performance is calculated by taking into account the growth in a company's share price over the performance period. The formula for calculating Wiluna Mining's share price performance is shown below:

$$\frac{(\text{Share Price at 30/06/24} - \text{Share Price at 1/7/21})}{\text{Share Price at 1/7/21}}$$

A volume weighted average share price (VWAP) will be used to determine Share Price at 30/06/24 and Share Price at 1/7/21.

The VWAP for the Share Price at 1/7/21 will be based on the VWAP for the 5 business days prior to 1/7/21 and the VWAP for the Share Price at 30/06/24 will be based on the VWAP over the last 5 business days prior to and including 30/06/24.

Wiluna Mining's share price performance will be compared to the % movement in the ASX All Ordinaries Gold Index over the same measurement period. The formula for calculating the ASX All Ordinaries Gold Index performance is shown below:

(Gold Index at 30/06/24 – Gold Index at 1/7/21)  
Gold Index at 1/7/21

An average Gold Index will be used to determine Gold Index at 30/06/24 and Gold Index at 1/7/21.

The average Gold Index at 1/7/21 will be based on the average over the last 5 business days prior to 1/7/21 and the average Gold Index at 30/06/24 will be based on the Gold Index over the last 5 business days prior to and including 30/06/24.

50% of the Gold Index ZEPO's vest if WMC's share price outperforms the ASX Gold Index (in terms of percentage movement) over the 3 year measurement period.

100% of the Gold Index ZEPO's will vest if the WMC share price outperforms the ASX Gold Index by at least 50% over the 3 year measurement period. For example, if the Gold Index increases by 30% over the measurement period, and the Wiluna Mining share price increases by 45% (which is 50% better than the Gold Index increase), then 100% of the Gold Index ZEPO's will vest.

A Wiluna Mining share price performance that outperforms the ASX All Ordinaries Gold Index over the measurement period by less than 50% will see a pro-rata vesting of Gold Index ZEPO's on a linear basis.

However, to ensure that only sufficient out performance is rewarded in a low return environment, 100% of the Gold Index ZEPO's can only vest if:

- (i) the above criteria are satisfied; and
- (ii) the Wiluna Mining share price performance in percentage terms is equal to or greater than the ASX All Ordinaries Gold Index percentage movement plus 10%. For example, if the ASX All Ordinaries Gold Index performance over the measurement period is 1%, then the Wiluna Mining share price increase over the measurement period must be at least 11% (i.e.. 1% Gold Index performance + 10% = 11%). A Wiluna Mining share price performance that outperforms the ASX All Ordinaries Gold Index over the measurement period by less than 10% will see a pro-rata vesting of Gold Index ZEPO's on a linear basis.

Provided the Vesting Conditions are met or otherwise waived by the Board, a Vesting Notification will be sent to you from the Board, informing you that some or all of the ZEPOs have vested. Following the issue of the Vesting Notification, you may apply for the shares entitled to you based on the ZEPOs that vested to you.

Any ZEPOs that do not vest will automatically lapse.

If the holder ceases employment with the Company before the ZEPOs vest, then all unvested ZEPOs will lapse unless in some circumstances including retirement, retrenchment, or expiry and non-renewal of contract, the Board exercises its discretion to determine the treatment of unvested ZEPOs and, to the extent permitted by law, elect to allow the ZEPOs to remain on issue under the performance measurement date and, if applicable, the expiry date, or settle any ZEPOs by way of a cash payment (rather than Shares), subject always to the ASX Listing Rules and the Corporations Act and the terms of the EOP.

(f) **Notice of Exercise**

A ZEPO is exercisable by the holder lodging a notice of exercise of option and application for Shares in a form approved by the Company and the relevant ZEPO certificate, with the Company.

(g) **Holder may exercise some or all of ZEPOs**

A ZEPO holder may exercise only some of that person's ZEPOs which does not affect that holder's right to exercise the remainder of their ZEPOs by the Expiry Date. ZEPOs must be exercised in multiples of 100, unless the ZEPO holder exercises all ZEPOs that the holder is able to exercise at that time.

(h) **Transferability**

ZEPOs are not transferable.

(i) **Shares issued on exercise**

Shares issued on exercise of the ZEPOs rank equally with the then issued Shares of the Company.

(j) **Quotation of Shares**

The Company will apply for official quotation of all Shares issued on exercise of ZEPOs.

(k) **Participation in new issues**

ZEPO holders do not have the right to participate in new issues without exercising their ZEPOs. If ZEPOs are exercised before the record date of an entitlement, the ZEPO holder can participate in a pro rata issue to the holders of Shares. The Company must notify the ZEPO holder before the record date to the extent required by the ASX Listing Rules.

(l) **Reconstruction of capital**

If at any time the issued capital of the Company is reconstructed (including by way of consolidation, subdivision, reduction or return), all rights of a ZEPO holder are to be changed to the extent necessary to comply with the ASX Listing Rules applying to the reconstruction of capital at the time of the reconstruction.

(m) **Changes arising from bonus issues**

The number of Shares to be issued pursuant to the exercise of ZEPOs will be adjusted for bonus issues made prior to exercise of ZEPOs. The effect will be that upon exercise of the Options the number of Shares received by the ZEPO holder will include the number of bonus Shares that would have been issued if the Options had been exercised prior to the record date for the relevant bonus issue/s. The exercise price of the ZEPOs will not change as result of any such bonus issue.

ZEPO holders will be sent all communications sent to Shareholders, but ZEPOs do not confer any right to attend or vote at meetings of Shareholders. Notice may be given by the Company to ZEPO holders in the manner provided for by the Constitution for the giving of notice to Shareholders, and the relevant provisions of the Constitution apply with all necessary modifications to notices to ZEPO holders.

(o) **ZEPOs subject to EOP**

At all times, ZEPOs are subject to the full terms and conditions of the EOP including any vesting conditions.

(p) **ZEPOs subject to Corporations Act and ASX Listing Rules**

Notwithstanding the terms and conditions of the EOP, ZEPOs may only be issued or exercised within the limitations imposed by the Corporations Act 2001 and the ASX Listing Rules.

Shareholders sponsored by a broker should advise their broker of any changes. **Please note: you cannot change ownership of your shares using this form.**

### APPOINTMENT OF PROXY

If you wish to appoint the Chairman of the Meeting as your proxy, mark the box in Step 1. If you wish to appoint someone other than the Chairman of the Meeting as your proxy, please write the name of that individual or body corporate in Step 1. A proxy need not be a shareholder of the Company.

### DEFAULT TO CHAIRMAN OF THE MEETING

Any directed proxies that are not voted on a poll at the Meeting will default to the Chairman of the Meeting, who is required to vote those proxies as directed. Any undirected proxies that default to the Chairman of the Meeting will be voted according to the instructions set out in this Proxy Form, including where the Resolutions are connected directly or indirectly with the remuneration of KMP.

### VOTES ON ITEMS OF BUSINESS – PROXY APPOINTMENT

You may direct your proxy how to vote by placing a mark in one of the boxes opposite each item of business. All your shares will be voted in accordance with such a direction unless you indicate only a portion of voting rights are to be voted on any item by inserting the percentage or number of shares you wish to vote in the appropriate box or boxes. If you do not mark any of the boxes on the items of business, your proxy may vote as he or she chooses. If you mark more than one box on an item your vote on that item will be invalid.

You are entitled to appoint up to two persons as proxies to attend the Meeting and vote on a poll. If you wish to appoint a second proxy, an additional Proxy Form may be obtained by telephoning the Company's share registry or you may copy this form and return them both together.

To appoint a second proxy you must:

- on each of the first Proxy Form and the second Proxy Form state the percentage of your voting rights or number of shares applicable to that form.
