CLASSIC MINERALS LIMITED

DIRECTORS' REPORT

In order to comply with the provisions of the Corporations Act 2001, the Directors of Classic Minerals Limited submit herewith the financial report and the directors report for the financial year ended 30 June 2022.

Directors

The names of directors in office at any time during or since the end of the financial year are:

John Lester
Frederick Salkanovic
Lu Ning Yi
Stephen John O'Grady
Gillian Catherine King

Directors have been in office since the start of the financial year to the date of this report unless otherwise stated.

Company Secretary

The name of secretary in office at any time during or since the end of the financial year is:

Madhukar Bhalla

Mr Madhukar Bhalla is a qualified Company Secretary and a Fellow of Governance Institute of Australia as well as a Fellow of the Institute of Chartered Secretary and Administrators.

Current Directors' qualifications and experience

John Lester (Non-executive Chairman)

Age: 80 years old

Qualifications and
Experience

Mr Lester has a degree in Physiology from Oxford University and was a member of the Institute of Investment Analysts in London. He started his career as a stockbroker with Joseph Sebag and Co in London specializing in mining companies including six months with Consolidated Goldfields. He joined Jardine Fleming and Company then Hong Kong's largest investment bank as chief dealer and became a Director of that Company.

He was Head of Corporate Finance at Pembroke Securities in Sydney and later moved to Indonesia where he founded a paging company and several satellite and internet companies as well as arranging the underwriting of Jakarta's first publicly listed mining company.

He joined the Board of Golden West Resources Limited and became Managing Director where he was responsible for the company raising more than \$60 million from Asian investors. He was Chairman of Yilgarn Infrastructure Ltd which was a major tenderer for building the Port of Oakajee having a fully funded bid with partners including China Rail, China Ports, Sinosteel Ansteel Bank of China and China Exim Bank. He was a founding Director and Chairman of publicly listed Coal Limited.

Shareholdings as at the date
of this report:

518,846 ordinary shares (post-consolidation basis)
350,673 options (post-consolidation basis)
1,200,000 performance rights Class B (post-consolidation basis)

CLASSIC MINERALS LIMITED

DIRECTORS' REPORT

Frederick Salkanovic (Non-Executive Director)

Age: 77 years old

Qualifications and Experience

Mr Salkanovic has a history of mining in Western Australia and throughout Australia for the past 45 years. He has operated successful precious metals and gemstone mining operations and brings further hands-on experience to the Company as it ramps up its exploration and mining development activities at the Forrestania Gold project. Mr Salkanovic has a strong knowledge of the mining and resources sector in Australia, he is a strong supporter of the company with key competencies in exploration, materials processing, marketing and financial management in relation to junior mining companies.

Shareholdings as at the date of this report:

379,166 ordinary shares (post-consolidation basis)
284,374 options (post-consolidation basis)
400,000 performance rights Class B (post-consolidation basis)

Lu Ning Yi (Non-Executive Director)

Age: 68 years old

Qualifications and Experience

Mr Lu Ning Yi had a long career as an experienced and respected financial journalist with China's Jiangsu Economic newspaper. His position placed him in direct contact with many of China's top business executives. Since coming to Australia, Mr Lu has maintained and expanded his extensive Chinese and Australian business relationships. Mr Lu is a director of Chi Masters International Pty Ltd and is also a Non-Executive director of the Heritage Golf and Country Club in Victoria.

Shareholdings as at the date of this report:

475,289 ordinary shares (post-consolidation basis)
356,466 options (post-consolidation basis)
400,000 performance rights Class B (post-consolidation basis)

Stephen John O'Grady (Non-Executive Director)

Age: 60 years old

Qualifications and Experience

Stephen has contributed to the successful development of many mines, including a wealth of experience in the open cut and underground mining of gold. He has been the mining engineer for over 80 open cut mining projects and over 30 underground mining projects in the last two decades. His forte is in the pit design, optimization and mine planning space. He has studied the geology and created commensurate scoping and feasibility studies across five continents including due diligence work for Minjar Gold and various WA gold projects.

Shareholdings as at the date of this report:

400,000 performance rights Class B (post-consolidation basis)

CLASSIC MINERALS LIMITED

DIRECTORS' REPORT

Gillian Catherine King (Non-Executive Director) (Appointed 06 May 2021)

Age: 52 years old

Qualifications and Experience

Gillian brings a wealth of experience in Human Resources and Indigenous Affairs. Ms. King is a Noongar and Gurindji descendant; whose background is versatile and has experience in a variety of professional appointments and in business. She has been an Employment Consultant working with remote indigenous clients in the Pilbara assisting with employment placement as well as owning their business and managing finances.

Gillian obtained a Certificate in Metalliferous Mining open cut and, due to her industry and efforts, was a finalist in the Training and Excellence Awards 2004. She has experience in Haulage and in Laboratory analysis.

Gillian is qualified in Training, Assessing and Mentoring Indigenous staff for retention in their employment. She has been employed with the Disability Service Commission as a Social Trainer and as an Indigenous Support Worker for Families experiencing Domestic Violence situations.

Shareholdings as at the date of this report: 400,000 performance rights Class B (post-consolidation basis)

Meetings of directors

During this financial year, the Directors met regularly to discuss the affairs of the Company.

The number of Directors' meetings held during the financial period and the number of meetings attended by each director were as follows:

Director	Board of Directors	
	Meetings Attended	Number Eligible to Attend
John Lester	15	15
Lu Ning Yi	15	15
Frederick Salkanovic	15	15
Stephen John O'Grady	15	15
Gillian Catherine King	15	15

The Company agreed that in order to reduce costs of directors travelling to Perth to attend board meetings that most of the decisions would be discussed and reduced to Circular Resolutions. During the year ended 30 June 2022 there were 15 Circular Resolutions that were passed unanimously by all Directors.

Principal activities

The principal activity of Classic Minerals Limited during the financial year was the exploration of mineral resource based projects, focussing on gold.

Operating results

The loss of the Company for the year ended 30 June 2022 amounted to \$14,154,948 (2021: loss of \$13,713,932).

Dividends

No dividends were paid or declared for payment since the incorporation of the Company.

CLASSIC MINERALS LIMITED

DIRECTORS' REPORT

Shares issued during or since the end of the year as a result of exercise of options

As at the date of this report details of ordinary shares issued by the Company during or since the end of the financial year as a result of the exercise of an option are:

Date of exercise	Number of shares issued	Amount paid for the shares
21/07/2021	23,000	\$69
03/12/2021	16,666	\$50
03/12/2021	62,500	\$188
29/06/2022	250,000	\$750
01/09/2022*	283,189,800	\$94,397

* Using pre-consolidation basis (1,887,932 shares on post-consolidation basis).

Unissued shares under option and performance rights

At the date of this report unissued ordinary shares or interests of the Company under Option are:

Date of options granted	Number of shares under option*	Exercise price of option*	Expiry date of option
03/02/2021	4,218,195,883	\$0.0030	03/02/2024
10/02/2021	18,000,000	\$0.0030	03/02/2024
10/02/2021	18,000,000	\$0.0030	03/02/2024
10/05/2021	18,000,000	\$0.0030	03/02/2024
10/05/2021	18,000,000	\$0.0030	03/02/2024
17/06/2021	400,000,000	\$0.0030	03/02/2024
24/06/2021	21,000,000	\$0.0030	03/02/2024
24/06/2021	9,000,000	\$0.0030	03/02/2024
24/09/2021	21,000,000	\$0.0030	03/02/2024
24/09/2021	9,000,000	\$0.0030	03/02/2024
22/03/2022	492,426,471	\$0.0030	03/02/2024
01/04/2022	88,235,294	\$0.0030	03/02/2024
26/08/2022	1,359,708,750	\$0.0012	01/06/2025
26/08/2022	750,000,000	\$0.0030	03/02/2024
02/09/2022	141,603,600	\$0.0007	01/06/2025
13/09/2022	12,539,063,700	\$0.0012	01/06/2025
TOTAL	20,121,233,698		

* Using pre-consolidation basis for options issued from 8 July 2022 onwards.

At the date of this report, unissued ordinary shares or interests of the Company under Performance rights are 1,400,000,000 (9,333,333 shares on post-consolidation basis).

CLASSIC MINERALS LIMITED

DIRECTORS' REPORT

Review of operations

In the 2021/22 reporting year, the following milestones were achieved:

- The Company received formal approvals from DMIRS enabling it to commence clearing for its mining operations at Kat Gap;
- Completed a 49,000t bulk sample mining operation;
- The Company mined 6,504 tonnes of ore for 1,011 ounces of gold from its bulk sampling operation;
- Substantial quantities of water have been discovered in its first test well at Kat Gap;
- Metallurgical studies reveal high recoveries of gravity gold at Kat Gap;
- Conducted further RC drilling at both Lady Ada and Lady Magdalene;

In the year, a total of 3,359m of RC drilling was completed across the Company's projects:

- Kat Gap 11 RC holes for 1,940m and
- Lady Ada and Lady Magdalene 13 RC holes for 1,419m

About Forrestania Gold Project and Kat Gap Gold Project

The FGP Tenements (excluding Kat Gap) are registered in the name of Reed Exploration Pty Ltd, a wholly owned subsidiary of ASX-listed Hannans Ltd (ASX: HNR). Classic has acquired 80% of the gold rights on the FGP Tenements from a third party, whilst Hannans has maintained its 20% interest in the gold rights.

Classic Minerals owns a 100% interest in the gold rights on the Kat Gap Tenements and non-gold rights including but not limited to nickel and other metals. Classic no longer has the rights to Lithium on the Kat Gap tenements pursuant to the agreement with Tribitrage Holdings Pty Ltd, as per ASX announcement of 16 Feb 2022.

The main thrust of exploration at Forrestania has been the Kat Gap project along with the Lady Ada and Lady Magdalene tenements. These all have a JORC-defined gold resource outlined in the following table.

Classic has been working heavily on the 100% owned Kat Gap tenements about 50 km to the Southeast of the Ladies as it brings the project closer to production. It has received formal approvals from DMIRS to commence clearing in readiness for upcoming mining activities. It recently completed a 49,000t bulk sampling operation at Kat Gap with the aim of gathering important geological, engineering and metallurgical data prior to final open pit design work.

Classic has a Global Mineral Resource of 8.24 Mt at 1.52 g/t for 403,906 ounces of gold, classified and reported in accordance with the JORC Code (2012), with a recent Scoping Study (see ASX Announcement released 2nd May 2017) suggesting both the technical and financial viability of the project. The current post-mining Mineral Resource for Lady Ada, Lady Magdalene and Kat Gap is tabulated below.

Additional technical detail on the Mineral Resource estimation is provided, further in the text below and in the JORC Table 1 as attached to ASX announcements dated 18th December 2019, 21st January 2020, and 20 April 2020.

Prospect	Indicated			Inferred			Total		
	Tonnes	Grade (Au g/t)	Ounces Au	Tonnes	Grade (Au g/t)	Ounces Au	Tonnes	Grade Au	Ounces Au
Lady Ada	257,300	2.01	16,600	1,090,800	1.23	43,100	1,348,100	1.38	59,700
Lady Magdalene				5,922,700	1.32	251,350	5,922,700	1.32	251,350
Kat Gap				975,722	2.96	92,856	975,722	2.96	92,856
Total	257,300	2.01	16,600	7,989,222	1.50	387,306	8,246,522	1.52	403,906

Notes:

1. The Mineral Resource is classified in accordance with JORC, 2012 edition
2. The effective date of the mineral resource estimate is 20 April 2020
3. The mineral resource is contained within FGP tenements
4. Estimates are rounded to reflect the level of confidence in these resources at the present time
5. The mineral resource is reported at 0.5 g/t Au cut-off grade
6. Depletion of the resource from historic open pit mining has been considered

DIRECTORS' REPORT

Review of operations (continued)

1. Kat Gap Gold Project

The Kat Gap high-grade gold project is strategically located approximately 70km SSE of the Company's Forrestania Gold Project, containing the Lady Magdalene and Lady Ada gold resources.

The Company applied for a Mining Lease over the Kat Gap resource area last financial year. Mining Lease M74/249 was finally granted over the main resource area on 22nd April 2021.

The Company made applications to DMIRS for the proposed Kat Gap mine development footprint. These applications include the Native Vegetation Clearing Permit and the Mining Proposal including mine closure plan. The Company received formal approvals from DMIRS to commence the clearing of the mine development footprint during the reporting period. The Native vegetation Clearing Permit was granted on 14 Feb 2022 and the approval of the Project Management Plan was announced on 12 September 2022.

Classic completed a program of deep RC drilling which was completed in July 2021. The drilling program consisted of 11 deep holes for 1,940m. The 11-hole deep RC drilling program (FKGRC379-389) covered an area approximately 60-140m along strike to the north of the Proterozoic dyke. The holes were focused on testing the along strike and down dip extent of high-grade gold at Kat Gap. The holes were drilled now to make the way clear for future surface mine infrastructure. Holes were drilled to an average depth of 150m below surface and were drilled on 20m x 20m and 20m x 40m grid spacings.

The drilling intersected several zones of high-grade gold mineralisation down plunge and along strike from previous high-grade results. Most of the deep drilling was focused on the northern extremities of the known deeper gold mineralisation looking for extensions. Much of the drilling intersected relatively narrow zones of low-grade gold suggesting the plunge component of the high-grade gold zone is potentially steeper than anticipated. RC holes FKGRC387 and FKGRC388, which returned high grade intercepts, were drilled further south closest to the Proterozoic dyke than the other holes drilled in this program, indicating a steeper plunge. Further deep drilling down dip/plunge is required closer to the Proterozoic dyke to test this new theory.

Better results from the deep holes include:

- 5m @ 3.47g/t Au from 155m in FKGRC383.
- 1m @ 8.68g/t Au from 103m in FKGRC385.
- 3m @ 15.66g/t Au from 151m including 1m @ 41.60g/t Au from 152m in FKGRC387.
- 6m @ 8.94g/t Au from 142m including 1m @ 44.43g/t Au from 146m in FKGRC388.
- 1m @ 6.52g/t Au from 171m in FKGRC388.
- 2m @ 4.87g/t Au from 145m in FKGRC389.

The Company completed a bulk sample mining operation in May 2022. The bulk sample produced 6,504 tonnes of gold bearing ore at an average grade of 4.82 g/t for a total of 1,011 ounces of contained gold. The pit was forecast to produce between 5,000 to 7,000 tonnes of ore at a grade of around 5 g/t. Total production of waste and ore combined came in at 48,970 tonnes. The ore zone, which came within 6m of the surface, was mined down to a vertical depth of 15m. The average width of the ore was around 5m and was mined over a strike length of 50m. The oxide ore consisted mainly of quartz veining and biotite alteration hosted entirely in the granite. The ore was easily distinguished from the waste material during mining mainly due to the alteration. The ore was mined in 2m thick layers or flitches. Each flitch had an assigned grade and tonnage from the resource block model supplied by independent resource consultants Cadre Geology and Mining Pty Ltd. The overall grade for the ore mined was calculated using the weighted average grade for each flitch. Basic specific gravity measurements were taken of the ore and waste material to aid in tonnage calculations. Final metallurgical testwork on oxide samples from the bulk sample are underway together with geological and engineering studies based on observations taken from the pit. These observations will assist in final pit design work.

Future drilling programs at Kat Gap will focus mainly on infill drilling and testing the main granite – greenstone contact further north and south along strike from the current drilling area and testing the large 5 km long geochemical anomaly identified in historical auger soil sampling out in the granite.

DIRECTORS' REPORT

Review of operations (continued)

2. Lady Magdalene and Lady Ada

The Company completed a small RC drilling program in the Forrestania area consisting of 13 holes for 1,419m. The drilling program was designed to twin existing historical holes at Lady Ada and Lady Magdalene to gain more confidence in the integrity of the historical assay data.

Lady Ada RC drilling

Five RC drill holes (MARC076-080) for a total of 644m were drilled at Lady Ada in a concentrated area SE of the existing Lady Ada open pit back in November. The program was designed to twin existing historical RC holes to compare assay data from old to new. The results will give the Company confidence in the old assay data prior to an update on the mineral resources at Forrestania. Holes were drilled to an average depth of 150m below surface.

The drilling intersected multiple zones of gold mineralisation confirmed by panning dish adjacent to previous high-grade results. All the recent deep RC drilling was focused on drilling right up against historical RC holes that had previously returned very high-grade gold intercepts.

Better results from the Lady Ada drilling include:

- 7m @ 5.42g/t Au from 44m including 1m @ 22.10g/t Au from 48m in MARC076.
- 2m @ 7.75g/t Au from 118m including 1m @ 14.30g/t Au from 119m in MARC078.
- 5m @ 27.76g/t Au from 101m including 1m @ 74.80g/t Au from 104m in MARC079.
- 2m @ 14.27g/t Au from 110m including 1m @ 23.90g/t Au from 111m in MARC080.

Lady Magdalene RC drilling

Eight RC holes (MARC081-088) for a total of 775m were completed at Lady Magdalene. The holes were scattered throughout the existing JORC resource area focused on twinning existing historical RC holes drilled back in the late eighty's early nineties. The new RC holes will allow the Company to compare the old assay results with the new assay data prior to an update on the mineral resources at Forrestania. Holes were drilled to an average depth of 100m. Better results from Lady Magdalene drilling include:

- 13m @ 1.22g/t Au from 55m in MARC081.
- 6m @ 2.90g/t Au from 37m in MARC082.
- 8m @ 3.30g/t Au from 28m in MARC084.
- 24m @ 1.20g/t Au from 43m in MARC084.
- 7m @ 1.34g/t Au from 48m in MARC085.
- 16m @ 1.79g/t Au from 60m in MARC085.
- 7m @ 1.55g/t Au from 69m in MARC086.
- 5m @ 2.02g/t Au from 93m in MARC087.
- 6m @ 1.86g/t Au from 45m in MARC088.

3. Fraser Range Project

The Company has continued its Earn-in & Joint Venture Agreement with Independence Newsearch Pty Ltd, a 100%-owned subsidiary of Independence Group NL (ASX:IGO), allowing for free-carried exploration of the Fraser Range Project.

During the financial year 2021-2022, IGO completed field-based exploration activities on the project which led to IGO complying with the First-Earn-In part of the Agreement. IGO paid the Company \$550,000 (incl. GST) to earn a 51% interest in the tenements. Subsequent to receiving the payment, the 51% interest in the tenements was transferred to IGO.

CLASSIC MINERALS LIMITED

DIRECTORS' REPORT

Review of operations (continued)

Significant changes in state of affairs

There were no significant changes other than reported in the state of affairs of the Company during the year ended 30 June 2022.

Subsequent events

The Company extended repayment date of \$250,000 loan from Greywood Holding Pty Ltd which was due on 3 July 2022. The latest extension loan is payable on 3 September 2022. Furthermore, the loan was repaid on 23 September 2022.

The Company extended repayment date of \$300,000 loan from CTRC Pty Ltd which was due on 4 July 2022. The latest extension loan is payable on 4 October 2022.

The Company extended repayment date of \$180,000 loan from Greywood Holding Pty Ltd which was due on 12 July 2022. The latest extension loan is payable on 12 November 2022.

The Company extended repayment date of \$300,000 loan from Gold Processing Equipment Pty Ltd which was due on 20 July 2022. The latest extension loan is payable on 20 November 2022.

The Company extended repayment date of \$200,000 loan from Greywood Holding Pty Ltd which was due on 25 July 2022. The latest extension loan is payable on 25 September 2022. Further extension is in process.

The Company extended repayment date of \$500,000 loan from CTRC Pty Ltd which was due on 25 July 2022. The latest extension loan is payable on 26 September 2022. Further extension is in process.

The Company extended repayment date of \$360,000 loan from Foskin Pty Ltd which was due on 29 July 2022. The latest extension loan is payable on 29 September 2022.

The Company extended repayment date of \$500,000 loan from Greywood Holding Pty Ltd which was due on 3 August 2022. The latest extension loan is payable on 3 October 2022.

The Company extended repayment date of \$250,000 loan from CTRC Pty Ltd which was due on 18 August 2022. The latest extension loan is payable on 18 October 2022.

The Company extended repayment date of \$250,000 loan from CTRC Pty Ltd which was due on 26 August 2022. The latest extension loan is payable on 26 October 2022.

The Company extended repayment date of \$700,000 loan from Klip Pty Ltd which was due on 24 September 2022. The loan was extended for further 3 months.

The Company extended repayment date of \$300,000 loan from Rotherwood Pty Ltd which was due on 24 September 2022. The loan was extended for further 3 months.

The General Meeting held on 8 July 2022 resolved the shares of the Company to be consolidated through conversion of every one hundred and fifty (150) shares held by a shareholder into one (1) share. The effective date of consolidation is 8 July 2022 and the effect on the capital structure of the Company of the consolidation is shown in the table below.

Securities	Pre-Consolidation	Post-Consolidation
Shares on issue	31,024,646,554	206,830,978
Options on issue	5,330,875,648	35,539,051
Performance Rights on issue	1,400,000,000	9,333,333

DIRECTORS' REPORT

Review of operations (continued)

On 11 July 2022, the Company issued convertible notes, each with a face value of \$25,000, to raise up to \$4.0 million funds. The convertible note is convertible into ordinary shares in the Company at any time up to 18 months after the issue of the convertible note; any convertible note not converted by that date will be redeemed. The conversion price is \$0.075 per share (on a post-consolidation basis) or 20% discount to 15-day VWAP, whichever is lower. Noteholders converting convertible notes will also be entitled to one (1) free attaching option for every two (2) shares issued on conversion, exercisable at \$0.18 (on a post-consolidation basis) on or before 1 June 2025. As at the date of this report, the Company has issued 185,316,954 shares and 92,658,483 options as conversion of the convertible notes.

The Company made announcement and issued Prospectus dated 15 July 2022 for Loyalty Offer and Piggyback Offer. The Loyalty Offer is a pro rata non-renounceable bonus issue of approximately 103 million options for nil consideration (loyalty options). Eligible shareholders will be issued one (1) loyalty option for every two (2) shares held by them at 5.00pm WST on 27 July 2022 (loyalty options record date). Loyalty options have an exercise price of \$0.05 and expiry date of 25 August 2022. The Piggyback Offer involves the issue of free-attaching options on the basis of one piggyback option for every two (2) shares issued to subscribers on exercise of loyalty options (piggyback options). Piggyback options have an exercise price of \$0.10 and expiry date of 1 June 2025. In relation to this offer, the Company issued 1,887,932 new shares on 1 September 2022 and the related 944,024 piggyback options on 2 September 2022.

On 9 September 2022, the Company announced that it had entered into a binding terms sheet with Goldvalley Brown Stone Pty Ltd (Goldvalley), pursuant to which Goldvalley, a member of Gold Valley group of companies, will provide funding for the Company's 100% owned Kat Gap gold project. Goldvalley will provide up to \$10 million in non-recourse funding for the extraction and processing of Kat Gap ore. The Company and Goldvalley will share the net profits from gold production on the basis 70% (the Company) and 30% (Goldvalley).

On 12 September 2022, the Company announced that it had received notification from the Department of Mines, Industry, Regulation and Safety (DMIRS) of an "Approval To Commence Extractive Mining Operation" for the Kat Gap gold mine project, following confirmation by DMIRS that the Project Management Plan (PMP) previously submitted by the Company satisfies the requirement under section 42 of the Mines Safety and Inspection Act 1994 (WA) and regulation 3.12 and 3.13 of the Mines Safety and Inspection Regulation 1995 (WA).

On 19 September 2022, the Company made announcement and issued Prospectus to undertake Entitlement Offer to raise up to \$3.65 million. The Company intends to undertake a partially underwritten, non-renounceable pro rata entitlement offer of one (1) new share for every two (2) shares held by eligible shareholders as at 23 September 2022 5.00pm WST, with one (1) free attaching options, exercisable at \$0.10 on or before 1 June 2025, to be issued for every two (2) new shares subscribed for under the offer.

There have been no other matters or circumstances that have arisen since 30 June 2022 that have or may significantly affect the operations, results, or state of affairs of the Company in future financial years.

Future developments

The Company will continue to explore its exploration areas and look to establish its exploration interest in prospective fields; while looking to commence mining operations at Kat Gap upon receiving notification from the Department of Mines, Industry, Regulation and Safety (DMIRS) of an "Approval To Commence Extractive Mining Operation" for the Kat Gap gold mine project.

The Directors and Management look forward, with confidence, to a great year ahead.

Environmental regulation

The Company is aware of its environmental obligations and acts to ensure its environmental commitments are met. The directors are not aware of any significant breaches during the year.

Non-audit services

No non-audit services were provided in this financial year by the auditors.

CLASSIC MINERALS LIMITED

DIRECTORS' REPORT

Review of operations (continued)

Proceedings on behalf of the company

No person has applied for leave of court to bring proceedings on behalf of the Company or intervene in any proceedings to which the Company is a party for the purpose of taking responsibility on behalf of the Company for all or any part of those proceedings.

Corporate Governance Statement

The Corporate Governance Statement is available on Classic Minerals Limited's website at www.classicminerals.com.au/corpgov.php

Auditor's independence declaration

The auditor's independence declaration for the year ended 30 June 2022 has been received, forms part of the Director's Report, and can be found on page 17.

Indemnification of Officers

In accordance with the Company's constitution, except as may be prohibited by the Corporations Act 2001, every Officer or agent of the Company shall be indemnified out of the property of the Company against any liability incurred by him in his capacity as Officer or agent of the Company or any related corporation in respect of any act or omission whatsoever and howsoever occurring or in defending any proceedings, whether civil or criminal.

During the previous financial year, the Company has paid insurance premiums in respect of directors' and officers' liability insurance. The insurance premiums relate to:

- Costs and expenses incurred by the relevant officers in defending legal proceedings, whether civil or criminal and whatever their outcome; and
- Other liabilities that may arise from their position, with the exception of conduct involving wilful breach of duty or improper use of information to gain a personal advantage.

CLASSIC MINERALS LIMITED

DIRECTORS' REPORT

REMUNERATION REPORT (AUDITED)

This report outlines the remuneration arrangements in place for Directors and executives of Classic Minerals Limited in accordance with the requirements of the *Corporations Act 2001* and its Regulations. For the purpose of this report, Key Management Personnel ("KMP") of the Company are defined as those persons having authority and responsibility for planning, directing and controlling the major activities of the Company, directly or indirectly, including any Director.

The remuneration report is set out in the Table.

Principles used to determine the nature and amount of remuneration

The Board is responsible for determining and reviewing compensation arrangements for the Directors. The Board assesses the appropriateness of the nature and amount of emoluments of such officers on a periodic basis by reference to relevant employment market conditions with the overall objective of ensuring maximum stakeholder benefit from the retention of a high quality board and executive team. The Company does not link the nature and amount of the emoluments of such officers to the Company's financial or operational performance. The expected outcome of this remuneration structure is to retain and motive directors.

Due to the current size of the Company and number of directors, the Board has elected not to create a separate Remuneration Committee but has instead decided to undertake the function of the Committee as a full Board under the guidance of the formal charter.

The rewards for Directors have no set or pre-determined performance conditions or key performance indicators as part of their remuneration due to the current nature of the business operations. The Board determines appropriate levels of performance rewards as and when they consider rewards are warranted.

The remuneration policy, setting the terms and conditions for the executive directors and other executives, was developed by the board. All executives receive a base salary (which is based on factors such as length of service and experience) and superannuation. The board reviews executive packages annually by reference to the Company's performance, executive performance and comparable information from industry sectors and other listed companies in similar industries.

The board may exercise discretion in relation to approving incentives, bonuses and options. The policy is designed to attract the highest calibre of executives and reward them for performance that results in long-term growth in shareholder wealth.

CLASSIC MINERALS LIMITED

DIRECTORS' REPORT

Transactions with Directors, Director Related Entities and other Related Entities are:

2022

On 27 July 2021 the Company made a transfer of vehicle to Reliant Resources Pty Ltd for nil consideration, in accordance with the agreed proposal dated 1 February 2021 from Dean Goodwin, Consultant Geologist of Reliant Resources Pty Ltd. The transfer value is \$75,000.

The Board adopted a Performance Rights Plan, which was approved by shareholders, at the General Meeting of the Company held on 6 August 2021.

2021

On 6 May 2021 the Company appointed Gillian Catherine King as Non-Executive Director who is entitled to a base fee of \$40,000 per annum plus GST, if applicable, inclusive of statutory superannuation.

By the agreed proposal dated 1 February 2021, Dean Goodwin as Consultant Geologist of Reliant Resources Pty Ltd (Reliant) shall provide services to establish a JORC compliant resources estimate in relation to Forrestania Gold Project and Kat Gap Project. The scope of work includes geological services, geological mapping services and services related to stock exchange announcements and investor relations. Total cost for the services is \$540,000, which is payable on a monthly basis of \$30,000 (excluding GST) on submission of invoices. Reliant will employ contractors as required for the services and will invoice the Company for the additional costs. In addition, Reliant will be entitled to one vehicle up to a value of \$150,000, supplied by the Company, at no cost to Reliant, any time after 12 months from commencement of the scope in the agreed proposal.

END OF REMUNERATION REPORT

This report of the directors, incorporating the Remuneration Report, is signed in accordance with a resolution of the Board of Directors.

Lu Ning Yi
Non-executive Director

Date this 30th day of September 2022.

CLASSIC MINERALS LIMITED

DIRECTORS' DECLARATION

It is the opinion of the directors of Classic Minerals Limited (the "Company");

1. the financial statements and notes are in accordance with the Corporations Act 2001 and:
 - a. comply with Australian Accounting Standards, the Corporations Regulations 2001 and other mandatory professional reporting requirements; and
 - b. give a true and fair view of the financial position of the Company as at 30 June 2022 and of the performance as represented by the results of its operations and its cashflows for the year ended on that date;
2. in the directors' opinion there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.
3. the financial statements and notes also comply with International Financial Reporting Standards as issued by the International Accounting Standards Board as disclosed in note 2.
4. this declaration has been made after receiving the declarations required to be made to the directors in accordance with section 295A of the Corporations Act 2001 for the financial year ending 30 June 2022.

This declaration is made in accordance with a resolution of the Board of Directors.

Lu Ning Yi
Non-executive Director

Date this 30th day of September 2022.

AUDIT PTY LTD

Auditor's Independence Declaration

To those charged with governance of Classic Minerals Limited;

As auditor for the audit of Classic Minerals Limited for the year ended 30 June 2022, I declare that, to the best of my knowledge and belief, there have been:

- i) no contraventions of the independence requirements of the *Corporations Act 2001* in relation to the audit; and
- ii) no contraventions of any applicable code of professional conduct in relation to the audit.

Elderton Audit Pty Ltd
Elderton Audit Pty Ltd

Rafay Nabeel
Director

Perth

ELDERTON

AUDIT PTY LTD

Independent Auditor's Report to the members of Classic Minerals Limited

Opinion

We have audited the financial report of Classic Minerals Limited (the Company) which comprises the statement of financial position as at 30 June 2022, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the directors' declaration.

In our opinion, the accompanying financial report of the Company is in accordance with the *Corporations Act 2001*, including:

- i) giving a true and fair view of the Company's financial position as at 30 June 2022 and of its financial performance for the year then ended; and
- ii) complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described as in the Auditor's Responsibilities for the Audit of the Financial Report section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Material uncertainty related to going concern

We draw attention to Note 2 to the financial report, which describes that the ability of the Company to continue as a going concern is dependent on successful mining and exploration, and further equity issues to the market. As a result, there is material uncertainty related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern, and therefore whether it will realise its assets and extinguish its liabilities in the normal course of business and at the amounts stated in the financial report. Our opinion is not modified in respect of this matter.

Other matter

The financial statements of the Company as of 30 June 2021, were audited by another auditor whose report dated 29 October 2021, expressed an unqualified opinion on those statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the current period. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be key audit matters to be communicated in our report.

Exploration and evaluation expenditure

Refer to Note 10, Exploration and evaluation assets (\$2,739,000) and accounting policy Note 2(j).

Key Audit Matter

At 30 June 2022, the Company has capitalised exploration and evaluation expenditure of \$2.7million.

The Company has capitalised exploration and evaluation expenditure in line with AASB 6 *Exploration for and Evaluation of Mineral Resources*, which requires use of management's assumptions and key judgements regarding recoverability of capitalised costs. There is a risk that amounts are capitalised which no longer meet the recognition criteria of AASB 6.

We have considered it as key audit matter as the amount is significant to financial statements and it involves significant judgement.

How our audit addressed the matter

Our audit work included, but was not restricted to, the following:

- We obtained evidence that the Company has valid rights to explore in the areas represented by the capitalised exploration and evaluation expenditures by obtaining valid contracts giving the Company rights to explore, for a sample of capitalised exploration costs;
- We enquired with management and reviewed budgets to ensure that substantive expenditure on further exploration for and evaluation of the mineral resources in the Company's area of interest were planned;
- We enquired with management, reviewed announcements made and reviewed minutes of directors' meetings to ensure that the company had not decided to discontinue activities in any of its areas of interest;
- We agreed the terms of acquisition agreements and on a sample basis corroborated rights to tenure to government registries and relevant agreements as applicable; and
- We enquired with management to ensure that the Company had not decided to proceed with development of a specific area of interest, yet the carrying amount of the exploration and evaluation asset was unlikely to be recovered in full from successful development or sale.

Borrowings

Refer to Note 14, Advance for Convertible Notes (\$2,126,650) and Note 17, Borrowings (\$6,405,018)

Key Audit Matter

The Company has borrowings of around \$8.5 million as at 30th June 2022.

Borrowings are considered to be a key audit matter due to:

- The significance of the balances to the Company's financial position;
- Risks of misstatement associated with the rights and obligations of the Company in repaying the loans with cash, shares and options; and

How our audit addressed the matter

Our audit work included, but was not restricted to, the following:

- We reviewed the loan agreements to identify key terms and conditions;
- We ensured that shareholders' approvals were obtained for issuance of convertible notes and securities issued as consideration for the loans (borrowing fees). We cross-referred those to ASX announcements;
- We tested the mathematical accuracy of the interest expenses;

- Whether the loans have been accurately recorded at year end based on the terms of the loan agreements.
- We traced the repayment and receipt of loans to supporting documentation;
- We obtained confirmation of the balance at 30 June 2022 from a sample of key lenders; and
- We assessed the appropriateness of the disclosures included in the relevant notes to the financial statements.

Property, Plant and Equipment

Refer to Note 12, Plant and Equipment (\$6,485,023)

Key Audit Matter

As at 30 June 2022, the carrying value of property, plant and equipment is \$6.5 million. In accordance with AASB 136, the Company is required to do impairment assessment as its plant is not currently in use. The entity has engaged an external expert to assess recoverable amounts for property, plant and equipment.

Property plant and equipment are considered to be a key audit matter due to:

- The significance of the balances to the Company's financial position;
- The assessment of the recoverable amount involves key assumptions and requires significant judgment.

How our audit addressed the matter

Our audit work included, but was not restricted to, the following:

- We paid a site visit to verify the existence and conditions of the assets;
- We reviewed the valuation report prepared by expert in terms of experience and competence, appropriateness of valuation model and key assumptions;
- We reviewed management business plan against the intended use of the assets and related mining approvals; and
- We ensured that disclosures within the financial statements are accurate and that all estimates and judgements made by management are included therein.

The directors are responsible for the other information. The other information comprises the Review of Operations and Directors Report and other information included in the Company's annual report for the year ended 30 June 2022 but does not include the financial report and our auditor's report thereon.

The other information obtained at the date of this auditor's report is included in the annual report, (but does not include the financial report and our auditor's report thereon).

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Directors for the Financial Report

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of

accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial report of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on the Remuneration Report

Opinion on the Remuneration Report

We have audited the Remuneration Report included on pages 12 to 15 of the directors' report for the year ended 30 June 2022.

In our opinion, the Remuneration Report of Classic Minerals Limited for the year ended 30 June 2022, complies with section 300A of the Corporations Act 2001.

Responsibilities

The directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.

CLASSIC MINERALS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

1. Corporate Information

The financial report of Classic Minerals Limited (the Company) for the year ended 30 June 2022 was authorised for issue in accordance with a resolution of the directors on 30 September 2022.

2. Summary of Significant Accounting Policies

Basis of preparation

The financial report is a general purpose financial report that has been prepared in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations), other authoritative pronouncements of the Australian Accounting Standards Board and the Corporation Act 2001.

Australian Accounting Standards set out accounting policies that the AASB has concluded would result in a financial report containing relevant and reliable information about transactions, events and conditions. Compliance with Australian Accounting Standards ensures that the financial statements and notes also comply with International Financial Reporting Standards. Material accounting policies adopted in the preparation of this financial report are presented below and have been consistently applied unless otherwise stated.

The financial report has been prepared on an accruals basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

Going Concern

The accounts have been prepared on the going concern basis, which contemplates continuity of normal activities and the realisation of assets and settlement of liabilities in the ordinary course of business. The Company recognised a loss of \$14,154,948 for the year ended 30 June 2022 (2021: \$13,713,932).

The net working capital position of the Company at 30 June 2022 was a deficit of \$13,972,304 (2021: \$8,200,643). The Company has expenditure commitments relating to exploration expenditure obligations for their projects of \$652,894 which potentially could fall due in the twelve months to 30 June 2023.

As disclosed in note 17, the Company has shareholder loans owing as at 30 June 2022 which are payable on various dates in July – October 2022 amounting \$4,870,500 plus accrued interest of \$1,130,626. Directors are confident extensions can be obtained on the shareholders loans due within 1 year until the Company has capacity to repay the funds, as has been the case in prior periods.

As announced to the market on 7 June 2022, the Company entered into a Mandate with Still Capital Pty Ltd for a capital raising up to \$4,000,000 by way of a proposed issue of Convertible Notes. Shareholders' approval was obtained in the General Meeting held on 8 July 2022. The Company has raised \$4,000,000 from the issuance of Convertible Notes.

On 9 September 2022, the Company announced that it had entered into a binding terms sheet with Goldvalley Brown Stone Pty Ltd (Goldvalley), pursuant to which Goldvalley, a member of Gold Valley group of companies, will provide funding for the Company's 100% owned Kat Gap gold project. Goldvalley will provide up to \$10 million in non-recourse funding for the extraction and processing of Kat Gap ore. The Company and Goldvalley will share the net profits from gold production on the basis 70% (the Company) and 30% (Goldvalley).

The Directors have prepared a cashflow forecast which indicates that the Company needs to raise additional capital to meet all commitments and workings capital requirements for the period 12 months from the date of signing this report. The ability of the Company to continue as a going concern is dependent on:

- The ability of the Company to raise capital from equity markets as required; and
- Containing cash outflows based on working capital requirements.

CLASSIC MINERALS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

2. Summary of Significant Accounting Policies (continued)

The above conditions represent a material uncertainty that may cast significant doubt about the ability of the Company to continue as a going concern. Should the Company be unable to continue as a going concern it may be required to realise its assets and extinguish its liabilities other than in the normal course of business and at amounts different to those stated in the financial statements. The financial statements do not include any adjustments relating to the recoverability and classification of asset carrying amounts or to the amount and classification of liabilities that might result should the Company be unable to continue as a going concern and meet its debts as and when they fall due.

a) Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, cash in banks and investments in money market instruments, net of outstanding bank overdrafts.

b) Employee benefits

Provision is made for benefits accruing to employees in respect of wages and salaries, annual leave, and sick leave when it is probable that settlement will be required and they are capable of being measured reliably.

Provisions made in respect of employee benefits expected to be settled within 12 months, are measured at their nominal values using the remuneration rate expected to apply at the time of settlement.

Provisions made in respect of employee benefits which are not expected to be settled within 12 months are measured as the present value of the estimated future cash outflows to be made by the entity in respect of services provided by employees up to reporting date.

c) Recognition And Measurement – Financial Instruments

Financial assets and financial liabilities are recognised in the Company's statement of financial position when the Company becomes a party to the contractual provisions of the instrument.

Financial instruments (except for trade receivables) are initially measured at fair value plus transaction costs, except where the instrument is classified "at fair value through profit or loss", in which case transaction costs are expensed to profit or loss immediately.

Classification and subsequent measurement

Financial assets

Financial assets are subsequently measured at:

- amortised cost;
- fair value through other comprehensive income; or
- fair value through profit or loss.

A financial asset that meets the following conditions is subsequently measured at amortised cost:

- the financial asset is managed solely to collect contractual cash flows; and
- the contractual terms within the financial asset give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding on specified dates.

A financial asset that meets the following conditions is subsequently measured at fair value through other comprehensive income:

- the contractual terms within the financial asset give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding on specified dates;
- the business model for managing the financial assets comprises both contractual cash flows collection and the selling of the financial asset.

CLASSIC MINERALS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

2. Summary of Significant Accounting Policies (continued)

By default, all other financial assets that do not meet the measurement conditions of amortised cost and fair value through other comprehensive income are subsequently measured at fair value through profit or loss.

The initial designation of the financial instruments to measure at fair value through profit or loss is a one-time option on initial classification and is irrevocable until the financial asset is derecognised.

Financial liabilities

Financial liabilities are subsequently measured at:

- amortised cost; or
- fair value through profit or loss.

A financial liability is measured at fair value through profit and loss if the financial liability is:

- a contingent consideration of an acquirer in a business combination to which AASB 3: Business Combinations applies;
- held for trading; or
- initially designated as at fair value through profit or loss.

All other financial liabilities are subsequently measured at amortised cost using the effective interest method.

Derecognition

Derecognition refers to the removal of a previously recognised financial asset or financial liability from the statement of financial position.

Derecognition of financial assets

A financial asset is derecognised when the holder's contractual rights to its cash flows expires, or the asset is transferred in such a way that all the risks and rewards of ownership are substantially transferred.

All of the following criteria need to be satisfied for derecognition of financial asset:

- the right to receive cash flows from the asset has expired or been transferred;
- all risk and rewards of ownership of the asset have been substantially transferred; and
- the Company no longer controls the asset (ie the Company has no practical ability to make a unilateral decision to sell the asset to a third party).

On derecognition of a financial asset measured at amortised cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss.

On derecognition of a debt instrument classified as at fair value through other comprehensive income, the cumulative gain or loss previously accumulated in the investment revaluation reserve is reclassified to profit or loss.

On derecognition of an investment in equity which was elected to be classified under fair value through other comprehensive income, the cumulative gain or loss previously accumulated in the investment revaluation reserve is not reclassified to profit or loss, but is transferred to retained earnings.

Derecognition of financial liabilities

A liability is derecognised when it is extinguished (ie when the obligation in the contract is discharged, cancelled or expires). An exchange of an existing financial liability for a new one with substantially modified terms, or a substantial modification to the terms of a financial liability is treated as an extinguishment of the existing liability and recognition of a new financial liability.

The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

Impairment

The Company recognises a loss allowance for expected credit losses on financial assets that are measured at amortised cost or fair value through other comprehensive income.

CLASSIC MINERALS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

2. Summary of Significant Accounting Policies (continued)

Loss allowance is not recognised for:

- financial assets measured at fair value through profit or loss; or
- equity instruments measured at fair value through other comprehensive income.

The Company uses the simplified approach to impairment, as applicable under AASB 9: Financial Instruments:

Simplified approach

The simplified approach does not require tracking of changes in credit risk at every reporting period, but instead requires the recognition of lifetime expected credit loss at all times. This approach is applicable to:

- trade receivables or contract assets that result from transactions within the scope of AASB 15: Revenue from Contracts with Customers and which do not contain a significant financing component; and
- lease receivables.

In measuring the expected credit loss, a provision matrix for trade receivables was used taking into consideration various data to get to an expected credit loss (ie diversity of customer base, appropriate groups of historical loss experience, etc).

Recognition of expected credit losses in financial statements

At each reporting date, the Company recognises the movement in the loss allowance as an impairment gain or loss in the statement of profit or loss and other comprehensive income.

The carrying amount of financial assets measured at amortised cost includes the loss allowance relating to that asset.

Assets measured at fair value through other comprehensive income are recognised at fair value, with changes in fair value recognised in other comprehensive income. Amounts in relation to change in credit risk are transferred from other comprehensive income to profit or loss at every reporting period.

For financial assets that are unrecognised (eg loan commitments yet to be drawn, financial guarantees), a provision for loss allowance is created in the statement of financial position to recognise the loss allowance.

d) Goods and services tax

Revenues, expenses and assets are recognised net of the amount of goods and services tax (GST), except:

- where the amount of GST incurred is not recoverable from the taxation authority, it is recognised as part of the cost of acquisition of an asset or as part of an item of expense; or
- for receivables and payables which are recognised inclusive of GST;

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables.

Cash flows are included in the cash flow statement on a gross basis. The GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the taxation authority is classified as operating cash flows.

e) Impairment of assets

At each reporting date, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where the asset does not generate cash flows that are independent from other assets, the entity estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment annually and whenever there is an indication that the asset may be impaired.

CLASSIC MINERALS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

2. Summary of Significant Accounting Policies (continued)

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised in the Statement of Profit or Loss and Other Comprehensive Income immediately, unless the relevant asset is carried at fair value, in which case the impairment loss is treated as a revaluation decrease.

Where an impairment loss subsequently reverses, the carrying amount of the asset (cash-generating unit) is increased to the revised estimate of its recoverable amount, but only to the extent that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (cash-generating unit) in prior years. A reversal of an impairment loss is recognised in the Statement of Profit or Loss and Other Comprehensive Income immediately, unless the relevant asset is carried at fair value, in which case the reversal of the impairment loss is treated as a revaluation increase.

f) Income tax

Current tax

Current tax is calculated by reference to the amount of income tax payable or recoverable in respect of the taxable profit or tax loss for the year. It is calculated using tax rates and tax laws that have been enacted or substantively enacted by reporting date. Current tax for current and prior years is recognised as a liability (or asset) to the extent that it is unpaid (or refundable).

Deferred tax

Deferred tax is accounted for using the statement of financial position liability method in respect of temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax base of those items.

In principle, deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised to the extent that it is probable that sufficient taxable amounts will be available against which deductible temporary differences or unused tax losses and tax offsets can be utilised. However, deferred tax assets and liabilities are not recognised if the temporary differences giving rise to them arise from the initial recognition of assets and liabilities (other than as a result of a business combination) which affects neither taxable income nor accounting profit. Furthermore, a deferred tax liability is not recognised in relation to taxable temporary differences arising from goodwill.

Deferred tax liabilities are recognised for taxable temporary differences arising on investments in subsidiaries, branches, associates and joint ventures except where the entity is able to control the reversal of the temporary differences and it is probable that the temporary differences will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with these investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the year(s) when the asset and liability giving rise to them are realised or settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by reporting date. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the entity expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the entity intends to settle its current tax assets and liabilities on a net basis.

CLASSIC MINERALS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

2. Summary of Significant Accounting Policies (continued)

Current and deferred tax for the year

Current and deferred tax is recognised as an expense or income in the statement of comprehensive income, except when it relates to items credited or debited directly to equity, in which case the deferred tax is also recognised directly in equity, or where it arises from the accounting for a business combination, in which case it is taken into account in the determination of goodwill or excess.

g) Payables

Trade payables and other accounts payable are recognised when the entity becomes obliged to make future payments resulting from the purchase of goods and services.

h) Presentation currency

The entity operates entirely within Australia and the presentation currency is Australian dollars.

i) Plant and equipment

Each class of property, plant and equipment is carried at cost or fair value less, where applicable, any accumulated depreciation. The carrying amount of plant and equipment is reviewed annually by directors to ensure it is not in excess of the recoverable amount from these assets.

Depreciation

The depreciable amount of all fixed assets is depreciated on a straight line basis over their useful lives to the Company commencing from the time the asset is held ready for use. The depreciation rates used for each class of depreciable assets are:

<i>Class of fixed asset</i>	<i>Useful lives (in years)</i>
Plant & equipment	5 - 10
Motor vehicles	8

j) Exploration and Evaluation Expenditure

Identifiable exploration assets acquired are recognised as assets at their cost of acquisition.

Acquired exploration assets are not written down below acquisition cost until such time as the acquisition cost is not expected to be recovered through use or sale.

Subsequent exploration and evaluation costs related to an area of interest are written off.

Where a project or an area of interest has been abandoned, the expenditure incurred thereon is written off in the year in which the decision is made

k) Intangible assets

Intangible assets have been identified as Forrestania Intellectual Properties acquired in November 2017. They have a finite useful life and are carried at cost less accumulated amortisation. Amortisation is calculated using the straight-line method on annual basis over the expected life of the assets i.e 4 years.

l) Provision

Provisions are recognised when the entity has a present obligation, the future sacrifice of economic benefits is probable, and the amount of the provision can be measured reliably.

CLASSIC MINERALS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

2. Summary of Significant Accounting Policies (continued)

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at reporting date, taking into account the risks and uncertainties surrounding the obligation. Where a provision is measured using the cashflows estimated to settle the present obligation, its carrying amount is the present value of those cashflows.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognised as an asset if it is virtually certain that recovery will be received and the amount of the receivable can be measured reliably.

m) Revenue recognition

Interest revenue

Interest revenue is recognised on a time proportionate basis that takes into account the effective yield on the financial asset.

Research & Development rebate

Research & development rebate is recognised only when the rebate has been received.

n) Equity based compensation

The Company expenses equity based compensation such as share and option issues after ascribing a fair value to the shares and/or options issued. If options vest at date of grant, the expense is taken up at date of grant and a corresponding Option Reserve is credited.

o) Issued capital

Issued capital is recognised at the fair value of the consideration received by the Company. Any transaction costs on the issue of shares are recognised directly in equity as a reduction of the share proceeds received.

p) Leases

The Company as a lessee

At inception of a contract, the Company assesses if the contract contains characteristics of or is a lease. If there is a lease present, a right-of-use asset and a corresponding liability are recognised by the Company where the Company is a lessee. However, all contracts that are classified as short-term leases (i.e. leases with a remaining lease term of 12 months or less) and leases of low-value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

Initially, the lease liability is measured at the present value of the lease payments still to be paid at the commencement date. The lease payments are discounted at the interest rate implicit in the lease. If this rate cannot be readily determined, the Company uses incremental borrowing rate.

Lease payments included in the measurement of the lease liability are as follows:

- i. fixed lease payments less any lease incentives;
- ii. variable lease payments that depend on the index of the rate, initially measured using the index or rate at the commencement date;
- iii. the amount expected to be payable by the lessee under residual value guarantees;
- iv. the exercise price of purchase options if the lessee is reasonably certain to exercise the options;
- v. lease payments under extension options, if the lessee is reasonably certain to exercise the options; and payments of penalties for terminating the lease, if the lease term reflects the exercise of options to terminate the lease.

CLASSIC MINERALS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

2. Summary of Significant Accounting Policies (continued)

The right-of-use assets comprise the initial measurement of the corresponding lease liability, any lease payments made at or before the commencement date and initial direct costs. The subsequent measurement of the right-of-use asset is at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated over the lease term or useful life of the underlying asset, whichever is the shortest.

Where a lease transfers ownership of the underlying asset or the costs of the right-of-use asset reflects that the Company anticipates exercising a purchase option, the specific asset is depreciated over the useful life of the underlying asset.

q) Earnings per share

Basic earnings per share is calculated as a net profit attributable to members, adjusted to exclude any costs of servicing equity (other than dividends) and preference share dividends, divided by the weighted average number of ordinary shares, adjusted for any bonus element.

Diluted earnings per share is calculated as net profit attributable to members, adjusted for:

- costs of servicing equity (other than dividends) and preference share dividends;
- the after tax effect of dividends and interest associated with dilutive potential ordinary shares that have been recognised as expenses; and

other non-discretionary changes in revenues or expenses during the year that would result from the dilution of potential ordinary shares; divided by the weighted average number of ordinary shares and dilutive potential ordinary shares, adjusted for any bonus element.

r) Sale of Non-Current Asset

Income from the sale of assets is measured as the consideration received net of the carrying value of the asset and any cost of disposal.

s) Share based payments

The Group provides benefits to directors, employees and consultants in the form of share-based payment transactions, whereby services are rendered in exchange for shares or rights over shares ('equity-settled transactions').

The cost of these equity-settled transactions with directors, employees and consultants is measured by reference to the fair value at the date at which they are granted. The fair value is determined using an appropriate valuation model.

No expense is recognised for awards that do not ultimately vest, except for equity-settled transactions for which vesting is conditional upon a market or non-vesting condition. These are treated as vesting irrespective of whether or not the market or non-vesting condition is satisfied, provided that all other performance and/or service conditions are satisfied.

The cost of equity-settled transactions is recognised, together with a corresponding increase in equity, over the period in which the performance and/or service conditions are fulfilled.

If the terms of an equity-settled award are modified, as a minimum an expense is recognised as if the terms had not been modified. An additional expense is recognised for any modification that increases the total fair value of the share-based arrangement, or is otherwise beneficial to the recipient, as measured at the date of modification.

CLASSIC MINERALS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

2. Summary of Significant Accounting Policies (continued)

If an equity-settled award is cancelled, it is treated as if it had vested on the date of cancellation, and any expense not yet recognised for the award is recognised immediately. However, if a new award is substituted for the cancelled award and designated as a replacement award on the date that it is granted, the cancelled and new award are treated as if they were a modification of the original award, as described in the previous paragraph. The dilutive effect, if any, of outstanding options is reflected as additional share dilution in the computation of diluted loss per share.

t) Critical accounting judgements, estimates, and assumptions

Exploration and evaluation costs

Exploration and evaluation costs are written off in the year they are incurred apart from acquisition costs which are carried forward where right of tenure of the area of interest is current.

These costs are carried forward in respect of an area that has not at statement of financial position date reached a stage that permits reasonable assessment of the existence of economically recoverable reserves.

Share-based payment transactions

The entity measures the cost of equity-settled transactions with employees by reference to the fair value of the equity instruments at the date at which they are granted. The fair value is determined by using Black-Scholes model taking into account the terms and conditions upon which the instruments were granted. The accounting estimates and assumptions relating to equity-settled share-based payments would have no impact on the carrying amounts of assets and liabilities within the next annual reporting period but may impact profit or loss and equity.

Taxation

Balances disclosed in the financial statements and the notes thereto, related to taxation, are based on the best estimates of directors. These estimates take into account both the financial performance and position of the Company as they pertain to current income taxation legislation, and the directors' understanding thereof. No adjustment has been made for pending or future taxation legislation. The current income tax position represents that directors' best estimate, pending an assessment by the Australian Taxation Office.

Comparative figures

When required by accounting standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

When the Company applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statements, a statement of financial position as at the beginning of the earliest comparative period will be disclosed.

u) New and Amended Standards Adopted by the Company

The Directors have reviewed all of the new and revised accounting standards and interpretations issued by the Australian Accounting Standard Board for annual reporting periods beginning or after 1 July 2021. It has been determined that none of the new accounting standards and interpretations adopted have a material impact on the Company's financial performance, position or disclosure.

At the date of authorisation of these financial statements, several new but not yet effective Standards and amendments to existing Standards and Interpretations have been published by the IASB. None of these Standards or amendments to existing Standards have been adopted early by the Company. Management anticipates that all relevant pronouncements will be adopted for the first period beginning on or after the effective date of the pronouncement. New Standards, amendments and Interpretations not adopted in the current year have not been disclosed as they are not expected to have material impact on the Company's financial statements.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

NOTE 3: REVENUE FROM CONTINUING OPERATIONS

	<i>30 June 2022</i> \$	<i>30 June 2021</i> \$
Research & development rebate	2,814,245	1,943,418
Interest income	46	244
Other income (i)	<u>364,903</u>	<u>608,688</u>
	364,949	608,932
	<u>3,179,194</u>	<u>2,552,350</u>

For the year ended 30 June 2022, other income includes receipts of selling interest in tenements, fuel tax credit, SGC amnesty refund and insurance claim proceed.

On 16 February 2022 the Company entered into a binding heads of agreement in which Tribittrage Holdings Pty Ltd must pay \$300,000 for an 80% interest in the lithium and associated minerals rights on the Company's tenements M74/249 and E74/467, and commit to a minimum spend of \$500,000 in exploration expenditures in the first 24 months. The Company shall retain a 20% free carried interest to "Decision to Mine" at which point a joint venture will be established with Tribittrage Holdings Pty Ltd as manager pursuant to which each party will be required to contribute its percentage shares of joint venture expenditure or have its interest diluted in accordance with a standard industry dilution formula.

For the year ended 30 June 2021, other income includes receipts of selling interest in tenements and government grant relating to Cashflow Boost and Jobkeeper payments.

As announced by the Company on 2 June 2021, in accordance with the terms of its Earn In and Joint Venture Agreement with IGO Newsearch Pty Ltd (IGO), a wholly-owned subsidiary of IGO Limited, IGO has notified its election to acquire a 51% interest in the Company's Fraser Range tenements, having earnt that interest by spending \$1,500,000 on exploration of the tenements; and its intention to spend a further \$1,000,000 exploring the tenements over the next 2 years to take its joint venture interest to 70%. As under the terms of the agreement, upon the transfer of the 51% interest, IGO paid the Company \$500,000. Subsequent to receiving the payment, the 51% interest in the tenements was transferred to IGO.

NOTE 4: ADMINISTRATION AND DEPRECIATION AND AMORTISATION EXPENSES

	<i>30 June 2022</i> \$	<i>30 June 2021</i> \$
The loss before income tax expense has been arrived at after charging the following expenses:		
(a) Administration expenses		
Insurance expenses	164,196	108,814
Telephone expenses	14,095	14,019
Other administration expenses	<u>899,780</u>	<u>801,044</u>
	1,078,071	923,877

- Research & Development rebate received	<u>(182,329)</u>	<u>(505289)</u>
Income tax expense on pre-tax net profit	-	-

(c) Unrecognised deferred tax balances

The following deferred tax assets at 25% (2021: 26%) have not been brought to account:		
Unrecognised deferred tax asset – tax losses	10,655,619	8,233,700
Unrecognised deferred tax asset - other timing differences	<u>434,393</u>	<u>(1,091,190)</u>
Net deferred tax assets	<u>10,090,012</u>	<u>7,142,510</u>

The net deferred tax assets not brought into account will only be of a benefit to the Company if future assessable income is derived of a nature and amount sufficient to enable the benefits to be realised, the conditions for deductibility imposed by the tax legislation continue to be complied with and the Company are able to meet the continuity of ownership and/or continuity of business tests.

This tax note has been prepared on the basis that prior year losses are able to be recouped. It should be noted that the ability of a company to utilise prior year tax losses will depend upon the satisfaction of the loss recoupment tests contained within the Income Tax Legislation. At the time of preparing the financial statements, this assessment has not been undertaken.

NOTE 10: EXPLORATION AND EVALUATION ASSETS (continued)

Movement in exploration and evaluation assets

	<i>30 June 2022</i> \$	<i>30 June 2021</i> \$
Opening balance	2,910,000	1,826,540
Addition	750,000	1,110,000
Written-off to exploration expenses	(921,000)	(26,540)
Ending balance	2,739,000	2,910,000

(i) The Company entered into an agreement to acquire 80% gold rights in 5 exploration licences and 2 prospecting licences, collectively known as the Forrestania Gold Project. The acquisition was completed on 22 August 2017, with the payment of the consideration, being the issue of 85,000,000 shares. The Company wrote off these exploration and evaluation assets of \$121,000 during the year ended 30 June 2022.

Pursuant to a Head of Agreement dated 20 March 2017 between the Company and Fortuna SL Mining Pty Ltd (“Fortuna”), the Company acquired 100% gold interest in 2 prospecting licences, also known as the Lady Lila tenements. The acquisition was completed on 4 August 2017 with the payment of the consideration, being the issue of 40,000,000 shares. Fortuna will retain a 2.5% Net Smelter Royalty on all gold production at these tenements. The Company wrote off these exploration and evaluation assets of \$400,000 during the year ended 30 June 2022.

(ii) The Company entered into an option agreement dated 5 September 2018 the agreement with X Minerals Pty Ltd to acquire the tenements and mining interest in E28/2811 and E28/2812. On 7 November 2019 the Company agree to a proposal from X Minerals Pty Ltd dated 28 October 2019 and opted to execute the options and agreed to purchase the tenements and mining interests in those tenements for consideration of \$45,000 in cash and \$205,000 in shares through the issuance of 102,500,000 shares at \$0.002 per shares. Those shares were issued on 22 November 2019. The Company wrote off these exploration and evaluation assets of \$250,000 during the year ended 30 June 2022.

(iii) On 5 July 2017, the Company signed an agreement with Sulphide Resources Pty Ltd to acquire 100% interest in two exploration licences – E74/422 and E74/467 also known as the Kat Gap project. Under this agreement, the Company paid an Option Fee of \$55,000 (GST inclusive) and has the right to purchase the tenements within 18 months for a further consideration of \$250,000. Additionally, the Company must spend \$140,000 on the tenements during the option period. The company has paid the \$250,000 and acquired the full ownership of the tenement. The Company wrote off these exploration and evaluation assets of \$150,000 during the year ended 30 June 2022.

During the year ended 30 June 2021, the Company entered into an agreement with Goldbridge Pty Ltd to acquire 100% interest in licences P74/383 and P74/383; and secured a sub-lease on licence G74/10. These tenements form part of Kat Gap project with \$50,000 Option Fee, \$500,000 in cash and \$560,000 in shares (560 million shares at 0.1 cent/share) as its payment of the considerations.

In March 2022, the Company entered into Tenement Sale Agreement with Goldbridge SL Pty Ltd to acquire 100% interest in licenses G74/10 and G74/11 for consideration of \$300,000 in cash and 450 million fully-paid ordinary shares in the capital of the Company.

Not later than 1 year	652,894	778,115
More than 1 year but not later than 5 years	3,209,640	6,742,910
Greater than 5 years	1,745,841	-
	5,608,375	7,521,025

(b) Capital Expenditure Commitments

On 20th July 2020, the Company announced that it has secured a Gekko gold gravity processing plant to be used for future on site processing of gold ore at its Kat Gap Gold Project. The agreed value of the contract is approximately \$3.9 million.

NOTE 20: CONTINGENT LIABILITIES AND CONTINGENT ASSETS

Earn in and Joint Venture Agreement

The Company entered into an Earn in and Joint Venture Agreement over the Company's Fraser Range tenements, with Independence Newsearch Pty Ltd, a 100% owned subsidiary of Independence Group NL on 17th June 2019. Under the terms of a mandate with Argonaut, 1.5% of any exploration expenditure as defined in the Independence Newsearch Pty Ltd earn-in and joint venture agreement, will be payable by the Company as and when that exploration expenditure is incurred but excluding the first \$640,000 exploration expenditure associated with the first earn-in period.

Key commercial terms of the Agreement are:

- Initial cash payment to Classic of A\$300,000;
- Independence can elect to earn a 51% interest in the project by expending A\$1,500,000 on exploration over two years (first earn in period);
- Minimum expenditure of A\$640,000 must be incurred prior to Independence withdrawing;
- At the end of the first earn in period, having made a further cash payment of A\$500,000, Independence can elect to:
 - o form a joint venture (49% Classic / 51% Independence)
 - o increase its interest to 70% by a further A\$1,000,000 of expenditure over two years
 - o be granted an option to buy out Classics 49% interest for A\$2,250,000 and a 1% net smelter royalty.
- If Independence elects to earn a 70% interest in the project, Classic will be free carried to the completion of a pre-feasibility study; or
- If Independence elects to buy-out Classic, then Classic would have received aggregate value of A\$4,550,000, in cash and tenement expenditure, plus will retain a 1% net smelter royalty from this transaction.

As described in Note 3, payment was made at the end of the first earn in period. Subsequent to receiving the payment, the 51% interest in the tenements was transferred to IGO.

CLASSIC MINERALS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

NOTE 20: CONTINGENT LIABILITIES AND CONTINGENT ASSETS (continued)

Royalties

The company purchased Fraser Range tenements and mineral interest (E28/2811 and E28/2812) from X Minerals Pty Ltd on 7 November 2019. X Minerals Pty Ltd will retain a 2% Net Smelter Return royalty until future dealing.

The sale of the Doherty's project was concluded on 5 July 2017. Classic will receive a 7.5% Net Smelter Return royalty from production.

Standby Subscription facility agreement

On 19 September 2017, the Company by mutual agreement amended the terms of its Standby Subscription Agreement with Stock Assist Group Pty Ltd. The Facility arrangement has been increased from \$1,000,000 to \$5,000,000. Under the Facility the Investor agrees to subscribe for shares if requested by the Company subject to the terms and conditions of this Facility. There were no drawings under this facility for the year ended 30 June 2022. This facility will end on 19 September 2022. On 5 September 2022, this facility was extended for a further 24 months.

NOTE 21: SEGMENT REPORTING

The Company operates predominantly in the mineral exploration industry in Australia. For management purposes, the Company is organised into one main operating segment which involves the exploration of minerals in Australia. All of the Company's activities are interrelated and discrete financial information is reported to the Board (Chief Operating Decision Maker) as a single segment. Accordingly, all significant operating decisions are based upon analysis of the Company's as one segment. The financial results from this segment are equivalent to the financial statements of the Company's as a whole.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

NOTE 22: STATEMENT OF CASH FLOWS

	<i>30 June 2022</i> \$	<i>30 June 2021</i> \$
a. Reconciliation of the net loss after income tax to net cash flows from operating activities		
Net profit/(loss) for the year	(14,154,948)	(13,713,932)
Non-cash Items		
Depreciation and amortisation expense	395,734	518,947
Share based payments ¹	523,157	1,446,852
Settlement of a bonus payable to KMP via the disposal of a motor vehicle	75,000	-
Miscellaneous assets written off	921,000	26,540
Impairment losses	-	1,496,709
Loss on asset disposal	17,472	9,370
Shares yet to be issued	63,000	355,050
Changes in assets and liabilities		
(Increase)/decrease in trade and other receivables	(303,438)	(465,901)
(Increase)/decrease in other assets	(447,088)	126,990
Increase/(decrease) in trade creditors and other payables	6,361,052	2,222,548
Increase/(decrease) in provisions	(6,526)	41,741
Cash outflows from operations	<u>(6,555,585)</u>	<u>(7,935,086)</u>

¹ During the year, non-cash share-based payments amounted to \$523,157 (2021: \$1,446,852). Of these, \$244,457 (2021: \$1,215,831) related to operating activities. Other share-based payments in relation to financing and investing activities were:

Investing:

- Purchase of plant and equipment of \$250,000 (2021: \$201,020)

Financing:

- Settlement of borrowing fee of \$28,700 (2021: \$30,000)

b. Reconciliation of cash and equivalents

	<i>30 June 2022</i> \$	<i>30 June 2021</i> \$
Cash and equivalents comprise		
- cash at bank	420,980	2,018,953
- undeposited fund	-	230,253
	<u>420,980</u>	<u>2,249,206</u>

Cash at bank earns interest at floating rates based on daily bank deposit rates.

Short term deposits are made for varying years of between one day and three months depending on the immediate cash requirements of the Company and earn interest at the respective short-term deposit rates.

Refer to the Remuneration report contained in the Director's Report for details of the remuneration paid to each member of the Company's Key Management Personnel, shares and option holdings.

NOTE 24: RELATED PARTY TRANSACTIONS

Transactions with Directors, Director Related Entities and other Related Entities are:

2022

On 27 July 2021 the Company made a transfer of vehicle to Reliant Resources Pty Ltd for nil consideration, in accordance with the agreed proposal dated 1 February 2021 from Dean Goodwin, Consultant Geologist of Reliant Resources Pty Ltd. The transfer value is \$75,000.

The Board adopted a Performance Rights Plan, which was approved by shareholders, at the General Meeting of the Company held on 6 August 2021.

2021

On 6 May 2021 the Company appointed Gillian Catherine King as Non-Executive Director who is entitled to a base fee of \$40,000 per annum plus GST, if applicable, inclusive of statutory superannuation.

By the agreed proposal dated 1 February 2021, Dean Goodwin as Consultant Geologist of Reliant Resources Pty Ltd (Reliant) shall provide services to establish a JORC compliant resources estimate in relation to Forrestania Gold Project and Kat Gap Project. The scope of work includes geological services, geological mapping services and services related to stock exchange announcements and investor relations. Total cost for the services is \$540,000, which is payable on a monthly basis of \$30,000 (excluding GST) on submission of invoices. Reliant will employ contractors as required for the services and will invoice the Company for the additional costs. In addition, Reliant will be entitled to one vehicle up to a value of \$150,000, supplied by the Company, at no cost to Reliant, any time after 12 months from commencement of the scope in the agreed proposal.

In November 2017 the Company acquired Forrestania Intellectual Properties owned by Dean Goodwin with the amount of \$1,000,000. Deed of Assignment dated 29 June 2021 between Dean Goodwin and the Company was entered to conclude the completion of payment and assignment of Forrestania Intellectual Properties. For the year ended 30 June 2021, Dean Goodwin was paid \$675,000 in relation with the Forrestania Intellectual Properties.

CLASSIC MINERALS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

NOTE 25: FINANCIAL RISK MANAGEMENT AND POLICIES

The Company's activities expose it to a variety of financial risks: market risk (interest rate risk), credit risk and liquidity risk. The Company's overall risk management program focuses on the unpredictability of the financial markets and seeks to minimise potential adverse effects on the financial performance of the Company. The Company does not use derivative financial instruments; however the Company uses different methods to measure different types of risk to which it is exposed.

Risk management is carried out by the Board of Directors with assistance from suitably qualified external advisors when required. The Board provides written principles for overall risk management and further policies will evolve commensurate with the evolution and growth of the Company.

The carrying value of the Company's financial instruments are as follows:

	<i>30 June 2022</i> \$	<i>30 June 2021</i> \$
Financial assets		
Cash and cash equivalents	420,980	2,249,206
Trade and other receivables	108,205	77,494
	529,185	2,326,700
Financial liabilities		
Trade and other payables	5,880,972	4,646,458
Advance for convertible notes	2,126,650	
Lease liability	413,569	81,069
Borrowings	6,405,018	5,822,370
	14,826,209	10,549,897

The Company's principal financial instruments comprise cash and cash equivalents and trade and other receivables. The Company has borrowings and trade and other payables in the normal course of business.

The main purpose of these financial instruments is to fund the Company's operations.

It is, and has been throughout the year under review, the Company's policy that no trading in financial instruments shall be undertaken. The main risks arising from the Company are cash flow (interest rate risk, liquidity risk and credit risk). The Board reviews and agrees policies for managing each of these risks and they are summarised below.

(a) Market risk

(i) Foreign exchange risk

The Company's exposure to foreign exchange risk arising from currency exposures is limited.

(ii) Cash flow and interest rate risk

The Company's only interest rate risk arises from cash and cash equivalents held. Term deposits and current accounts held with variable interest rates expose the Company to cash flow interest rate risk. The Company does not consider this to be material and has therefore not undertaken any further analysis of risk exposure.

CLASSIC MINERALS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

NOTE 25: FINANCIAL RISK MANAGEMENT AND POLICIES (continued)

(b) Credit risk

Credit risk is managed by the Board and arises from cash and cash equivalents as well as credit exposure including outstanding receivables and committed transactions.

All cash balances held at banks are held at internationally recognised institutions.

The maximum exposure to credit risk at reporting date is the carrying amount of the trade and other receivables. The credit quality of financial assets that are neither past due nor impaired can be assessed by reference to external credit ratings (if available) or to historical information about default rates.

Financial assets that are neither past due and not impaired are as follows:

	30 June 2022 \$	30 June 2021 \$
Cash and cash equivalents		
AA S&P rating	420,980	2,249,206
Trade and Other receivables		
Unsecured	108,205	77,494

(c) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash balances and access to equity funding.

The Company's exposure to the risk of changes in market interest rates relate primarily to cash assets and floating interest rates. The Company does not have significant interest-bearing assets and is not materially exposed to changes in market interest rates.

The directors monitor the cash-burn rate of the Company on an on-going basis against budget and the maturity profiles of financial assets and liabilities to manage its liquidity risk.

The financial liabilities the Company had at reporting date were trade payables incurred in the normal course of the business, a hire purchase liability and borrowings.

The following table sets out the carrying amount, by maturity, of the financial assets and liabilities:

Year ended 30 June 2022	<1 year	1 - 5 Years	Over 5 Years	Total contractual cashflows	Weighted average effective interest rate %
Financial Assets:					
Cash and cash equivalents	420,980	-	-	420,980	-
Trade and other receivables	108,205	-	-	108,205	-
	<u>529,185</u>	<u>-</u>	<u>-</u>	<u>529,185</u>	
Financial Liabilities:					
Trade and other payables	5,880,972	-	-	5,880,972	-
Advance for convertible notes	2,126,650	-	-	2,126,650	-
Lease liability	94,023	319,546	-	413,569	-
Borrowings	6,405,018	-	-	6,405,018	-
	<u>14,506,663</u>	<u>319,546</u>	<u>-</u>	<u>14,826,209</u>	

CLASSIC MINERALS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

NOTE 25: FINANCIAL RISK MANAGEMENT AND POLICIES (continued)

(c) Liquidity risk (continued)

Year ended 30 June 2021	<1 year	1 - 5 Years	Over 5 Years	Total contractual cashflows	Weighted average effective interest rate %
Financial Assets:					
Cash and cash equivalents	2,249,206	-	-	2,249,206	-
Trade and other receivables	77,494	-	-	77,494	-
	<u>2,326,700</u>	-	-	<u>2,326,700</u>	
Financial Liabilities:					
Trade and other payables	4,646,458	-	-	4,646,458	-
Lease liability	59,851	21,218		81,069	-
Borrowings	5,822,370	-	-	5,822,370	-
	<u>10,528,679</u>	21,218	-	<u>10,549,897</u>	

(d) Fair value estimation

The fair value of financial assets and liabilities must be estimated for recognition and measurement or for disclosure purposes.

The carrying value less impairment provision of trade receivables and payables are assumed to approximate their fair values due to their short term nature.

The fair value of long term borrowings is not materially different from their carrying value.

The Company's principle financial instruments consist of cash and deposits with banks, accounts receivable, trade payables and borrowings. The main purpose of these non-derivative financial instruments is to finance the Company's operations.

(e) Capital risk

The Company determines capital to be the equity as shown in the statement of financial position plus net debt (being total borrowings less cash and cash equivalents).

The Company's objectives when managing capital are to safeguard their ability to continue as a going concern, so that they can provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the Company may adjust the number of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

During 2022, the Company's strategy, which has remained unchanged from previous years, borrowed funds on a short-term basis to assist in its exploration activities. The company's equity management is determined by funds required to undertake its research & development activities and meet its corporate and other costs.

CLASSIC MINERALS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

NOTE 26: SUBSEQUENT EVENTS

The Company extended repayment date of \$250,000 loan from Greywood Holding Pty Ltd which was due on 3 July 2022. The latest extension loan is payable on 3 September 2022. Furthermore, the loan was repaid on 23 September 2022.

The Company extended repayment date of \$300,000 loan from CTRC Pty Ltd which was due on 4 July 2022. The latest extension loan is payable on 4 October 2022.

The Company extended repayment date of \$180,000 loan from Greywood Holding Pty Ltd which was due on 12 July 2022. The latest extension loan is payable on 12 November 2022.

The Company extended repayment date of \$300,000 loan from Gold Processing Equipment Pty Ltd which was due on 20 July 2022. The latest extension loan is payable on 20 November 2022.

The Company extended repayment date of \$200,000 loan from Greywood Holding Pty Ltd which was due on 25 July 2022. The latest extension loan is payable on 25 September 2022. Further extension is in process.

The Company extended repayment date of \$500,000 loan from CTRC Pty Ltd which was due on 25 July 2022. The latest extension loan is payable on 26 September 2022. Further extension is in process.

The Company extended repayment date of \$360,000 loan from Foskin Pty Ltd which was due on 29 July 2022. The latest extension loan is payable on 29 September 2022.

The Company extended repayment date of \$500,000 loan from Greywood Holding Pty Ltd which was due on 3 August 2022. The latest extension loan is payable on 3 October 2022.

The Company extended repayment date of \$250,000 loan from CTRC Pty Ltd which was due on 18 August 2022. The latest extension loan is payable on 18 October 2022.

The Company extended repayment date of \$250,000 loan from CTRC Pty Ltd which was due on 26 August 2022. The latest extension loan is payable on 26 October 2022.

The Company extended repayment date of \$700,000 loan from Klip Pty Ltd which was due on 24 September 2022. The loan was extended for further 3 months.

The Company extended repayment date of \$300,000 loan from Rotherwood Pty Ltd which was due on 24 September 2022. The loan was extended for further 3 months.

The General Meeting held on 8 July 2022 resolved the shares of the Company to be consolidated through conversion of every one hundred and fifty (150) shares held by a shareholder into one (1) share. The effective date of consolidation is 8 July 2022 and the effect on the capital structure of the Company of the consolidation is shown in the table below.

Securities	Pre-Consolidation	Post-Consolidation
Shares on issue	31,024,646,554	206,830,978
Options on issue	5,242,872,355	34,952,482
Performance Rights on issue	1,400,000,000	9,333,333

On 11 July 2022, the Company issued convertible notes, each with a face value of \$25,000, to raise up to \$4.0 million funds. The convertible note is convertible into ordinary shares in the Company at any time up to 18 months after the issue of the convertible note; any convertible note not converted by that date will be redeemed. The conversion price is \$0.075 per share (on a post-consolidation basis) or 20% discount to 15-day VWAP, whichever is lower. Noteholders converting convertible notes will also be entitled to one (1) free attaching option for every two (2) shares issued on conversion, exercisable at \$0.18 (on a post-consolidation basis) on before 1 June 2025. As at the date of this report, the Company has issued 185,316,954 shares and 92,658,483 options as conversion of the convertible notes.

CLASSIC MINERALS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

NOTE 26: SUBSEQUENT EVENTS (continued)

The Company made announcement and issued Prospectus dated 15 July 2022 for Loyalty Offer and Piggyback Offer. The Loyalty Offer is a pro rata non-renounceable bonus issue of approximately 103 million options for nil consideration (loyalty options). Eligible shareholders will be issued one (1) loyalty option for every two (2) shares held by them at 5.00pm WST on 27 July 2022 (loyalty options record date). Loyalty options have an exercise price of \$0.05 and expiry date of 25 August 2022. The Piggyback Offer involves the issue of free-attaching options on the basis of one piggyback option for every two (2) shares issued to subscribers on exercise of loyalty options (piggyback options). Piggyback options have an exercise price of \$0.10 and expiry date of 1 June 2025. In relation to this offer, the Company issued 1,887,932 new shares on 1 September 2022 and the related 944,024 piggyback options on 2 September 2022.

On 9 September 2022, the Company announced that it had entered into a binding terms sheet with Goldvalley Brown Stone Pty Ltd (Goldvalley), pursuant to which Goldvalley, a member of Gold Valley group of companies, will provide funding for the Company's 100% owned Kat Gap gold project. Goldvalley will provide up to \$10 million in non-recourse funding for the extraction and processing of Kat Gap ore. The Company and Goldvalley will share the net profits from gold production on the basis 70% (the Company) and 30% (Goldvalley).

On 12 September 2022, the Company announced that it had received notification from the Department of Mines, Industry, Regulation and Safety (DMIRS) of an "Approval To Commence Extractive Mining Operation" for the Kat Gap gold mine project, following confirmation by DMIRS that the Project Management Plan (PMP) previously submitted by the Company satisfies the requirement under section 42 of the Mines Safety and Inspection Act 1994 (WA) and regulation 3.12 and 3.13 of the Mines Safety and Inspection Regulation 1995 (WA).

On 19 September 2022, the Company made announcement and issued Prospectus to undertake Entitlement Offer to raise up to \$3.65 million. The Company intends to undertake a partially underwritten, non-renounceable pro rata entitlement offer of one (1) new share for every two (2) shares held by eligible shareholders as at 23 September 2022 5.00pm WST, with one (1) free attaching options, exercisable at \$0.10 on or before 1 June 2025, to be issued for every two (2) new shares subscribed for under the offer.
